AS VERSATILE AS THEY COME.

The wagon is an ingenious vehicle when it comes to versatility. And the reason E-Series has remained America's best seller for 25 years and running is that it does versatility better than any other full-size van. It can seat seven comfortably with quad captain's chairs, or up to fifteen when equipped with bench seating.* Four different engines are available to suit your needs. The Triton® V8 is standard on every E-Series model (4.6L on E-150, 5.4L on E-350 Super Duty), but if you want more power, opt for something bigger. When properly equipped with a 6.8L Triton® V10 and the new TorqShift™ transmission, it can deliver 10,000 lbs. of towing capacity. Or there's the 440 lb.-ft. of class-leading** torque delivered by the 6.0L Power Stroke® Turbo Diesel. And, in case you didn't know, E-Series is the only full-size van to offer V8 diesel power. So, if what you need is a vehicle that works with you, E-Series is it.

*Passenger and cargo capacity limited by weight and weight distribution.

**Full-size van class.

(Remember, it gets you 440 lb.-ft. of class-leading* torque.) Available leather-trimmed quad captain's chairs with a 6-way power driver's seat let seven people ride in complete comfort.
