300 COLLECTION

2014 MODELS | CHRYSLER.COM

300C JOHN VARVATOS LIMITED EDITION THE RUNWAY ROCK STAR

BACKSTAGE PASS. You'll see it throughout this fashion designer's exclusive automotive collaboration: studded and stitched accents and accessories, textured metals and a palette that's pure rock-and-roll. You'll see it in the dash clock, inherited from a Varvatos wristwatch, and in the zipper design of the custom 20-inch wheels. It's the downtown black leather jacket that's right at home uptown. The 300C John Varvatos Limited Edition is infused with the kind of bare-knuckled design that sets the Varvatos label apart: from seats embossed with the icons of his logo to the hue of the wheels and badges of the 300 itself, it's a manifestation of his own blend. One part Detroit. A confident dose of New York. It's a car that stands ready to roll out a soundtrack that's one of a kind.

FASHION STATEMENT. The custom Varvatos Limited Edition boasts a Phantom Black exterior with a unique fascia, pronounced chin spoiler, larger intakes and 20-inch Titanium-finished wheels. The interior unveils Black leather-wrapped doors, instrument panel, console lid and side panels, as well as a Black steering wheel with 360° accent ring. The Varvatos seats are custom-trimmed in Black Pewter Metallic leather with diesel-gray stitching to complement the Black and Charcoal hydrographic wood console and Titanium finishes throughout the cabin.

SOME STATEMENTS ARE MADE; OTHERS ARE BUILT. The 300C John Varvatos Luxury Edition takes the 300C and adds a custom fashion-minded package. Influenced by the Varvatos Limited features, this model incorporates Poltrona Frau Foligno leather on the door uppers, instrument panel, cluster brow and center console side panels. Premium perforated Nappa leather-trimmed interior is available in Black or Black/Dark Mocha with Satin Chrome finishes and Varvatos badging embossed on the front seats. Platinum Chrome adorns the 300C and Varvatos signature badges, as well as the mesh grille and surround, door handles, mirrors and front/rear fascia accents — all bringing distinctive luster to this edition's exterior. 20-inch aluminum wheels with polished face and Tech Silver pockets top off this style machine with couture personality. The steering wheel-mounted paddle shifters, Sport mode touring suspension and optional 5.7L HEMI® V8 engine with Fuel Saver Technology anchor the power and performance.

Not available with 20-inch wheels shown.

300 THE CANVAS OF DISTINCTION

CHARACTER BUILDING. There's a reason why the Chrysler 300 is one of the most accessorized vehicles in the industry. It's not because the classic and recognizable shape, size and content lack character. It's because they have just the right amount to make 300 the solid signature piece that its drivers can stake their claim in. Like that key design element in your home that says something about you in a grand way, but you're able to subtly, or not so subtly, enhance its looks and usability to suit your taste. To make it yours. This is what the 300 Collection is about. Our designers have taken style and performance notes from our greatest enthusiasts and put them to the gorgeous Chrysler 300 canvas to help portray and build the character within you.

WORLD-CLASS ARCHITECTURE AND DESIGN. Every 300 model's exterior boasts a prominent square-shouldered fascia, raked-back windshield, low roof with angular body and integrated rear spoiler to enhance the aerodynamics. The laminated acoustic windshield and front-door glass, body-silencing foam, fiber-acoustic wheel liners and two full-length acoustic underbody closeouts work to silence road noise, making each 300 a private haven of quiet comfort. The interiors provide exceptional comfort and style with standard leather seating surfaces, a leather-wrapped steering wheel, heated front seats and premium hydrographic wood trim for a classic interior finish.

THE BASE. The 300 lineup starter's iconic style is equipped with advanced technology and powerful mechanics, beginning with a standard 3.6L Pentastar® V6 engine with 8-speed transmission. A four-wheel independent suspension and antilock brakes with all-speed traction control execute precision to 17-inch Tech Silver aluminum wheels. The power heated body-color exterior mirrors, bi-function halogen-projector headlamps and dual chrome exhaust tips complement its form. The 8.4-inch touch-screen radio with Voice Command, auto-dimming rearview mirror, Nappa leather-trimmed seats, heated front seats, 12-way power driver's seat and leather-wrapped steering wheel and shift knob introduce a new level of base trim.

FROM QUIET STRENGTH
THAT NEVER
TIRES OF SILENCE TO
RESILIENCE,
WITH INSPIRATION COMES
OUR POWER
TO GO FORWARD.

300C THE STATE OF ELEGANCE

BRILLIANCE IN THE FORM OF LEATHER. The detailed attention builds with ultrasoft leather offerings on the seating surfaces made of 100 percent Nappa perforated leather, standard heated rear seats and ventilated front seats. The combination of real wood interior accents and Satin Chrome finishes, class-exclusive¹ auto dual illuminated heated and cooled^{*} front cup holders, LED lighting throughout the cabin, a real wood and leather-wrapped heated steering wheel, as well as bright chrome exterior accents begin to define 300C as the most luxurious vehicle in its class.¹

300C IS THE MOST TECHNOLOGICALLY ADVANCED VEHICLE IN ITS CLASS! The luxury-line marker includes everything on 300, plus Garmin[®] Navigation, SiriusXM Traffic,² SiriusXM Travel Link,³ a rear power sunshade, a memory feature that stores settings for two, including driver's seat position, power adjustable pedals, exterior mirrors, tilt/telescoping steering column and radio settings for transition ease and premium comfort. Six premium speakers with 276-watt amplifier, universal garage door opener, ParkView[®] Rear Backup Camera⁴ and a security alarm continue the high-end appointments. The available Blind Spot Monitoring⁵ and Rear Cross Path Detection,⁴ ParkSense[®] Front and Rear Park Assist,⁴ Adaptive Cruise Control⁶ and Forward Collision Warning⁷ take advanced technology in this model to the next level. Available in RWD and AWD, 300C also offers the 5.7L HEMI[®] V8 with Fuel Saver Technology.

ALWAYS COMFORTABLE. ALWAYS CONVENIENT. These features, considered truly luxurious and reserved for the highest trim level, are standard on 300C. They include a standard humidity sensor with Automatic Temperature Control (ATC) that enables an auto-defog capability, essentially eliminating the need for setting defog functions. The standard Remote Start system operates from as far as 300 feet, allowing the vehicle to start via fob activation and, when programmed, activates the climate control and the standard heated/ventilated front seats and heated steering wheel. Additional conveniences include remote proximity entry and Keyless Enter 'N Go,TM as well as the interior switch for the capless fuel-filler door.

*A note about this brochure: All disclaimers and disclosures can be found in the back of this brochure.

STRENGTH
EVER
ENCE TO
NCE
ION COMES
WER
WARD.

THE LARGEST AVAILABLE PANORAMIC SUNROOF IN ITS CLASS.¹ An optional panoramic dual-pane sunroof system covers more than 70 percent of the 300's roof area. It includes power tilt and index-sliding and express-open features. An interior shade matches the headliner in both color and material. The system is activated via switches in the overhead console.

REAR POWER SUNSHADE. Innovative luxury conveniences flourish with options like the power rear backlight sunshade. This feature effectively diffuses light for rear-seat occupants, especially for those in child seats, and incorporates an anti-pinch technology that stops actuation when an object is detected in its path.

BURNING BRIGHTLY,
THE ROAD OF DESTINY

AWAITS.

WITH A SINGLE LOOK,
YOU'LL KNOW WHAT WE STAND FOR.

300S THE SHOWSTOPPER

STAND OUT. For as cool as it is, the 300S sizzles. Nothing describes first impressions better than the simple but never subtle "hot" when it rolls up, even in the new Dark Ceramic Gray* exterior. The urban-legend style gets decked from the inside with sleek Nappa leather-trimmed seats. And with the only trim level that outputs 300 horsepower with its V6, you'll consider whether the unique embroidered "S" seat logo and badging stand for "style," "sport" or "sexy." Only you can decide, and it will usually depend on the night. According to its drivers, it's all of that.

300S. The trim level's standard dual-exhaust system brings 300 horsepower to its Pentastar® V6 engine with 8-speed transmission, or choose the HEMI® V8 engine with 5-speed power for a muscle-bound 363 horsepower. Distinctive features outside and in include the Beats Audio™ 10-speaker sound system, ParkView® Rear Back-Up Camera⁴ and universal garage door opener. A stand-alone exterior treatment adds a monochromatic edge with Black headlamp and fog lamp bezels, chrome surround grille with Black chrome horizontal bars, liquid chrome Chrysler wing badge with Black center and 20-inch aluminum wheels with polished face and Black pockets. The 300S is outfitted in uniquely branded performance leather-trimmed sport bucket seats and lacquered Piano Black and Matte Fiber hydro accents. The heated seats and interior trim add detailing specifics to 12-way power driver and passenger seats. Steering wheel-mounted paddle shifters are available in rear-wheel- and all-wheel-drive V6 and V8 models with All-Season Performance tires.

*Late availability.

300S

IT IS A HORSE THAT RUNS
WITH UNBRIDLED AMBITION
AND WIDE-OPEN CONFIDENCE.

HERE'S TO THOSE WHO
KNOW WHERE THEY'RE GOING
BUT HAVEN'T FORGOTTEN
WHERE THEY'RE FROM.

THE MOST ADVANCED AVAILABLE ALL-WHEEL-DRIVE SYSTEM IN ITS CLASS.¹ This intelligent all-wheel-drive system automatically engages when wheel slip is detected to regain traction with changing road conditions or when the driver turns off the Electronic Stability Control (ESC)[®] system, the steering-wheel paddle shifters are in use or the optional 5.7L HEMI[®] V8 5-speed transmission's AutoStick is engaged.

300S shown in Dark Ceramic Gray* with optional Black roof.

*Late availability.

The image shows the interior of a car, focusing on the front seats and dashboard. The seats are upholstered in a rich red leather with a quilted pattern. The dashboard and center console are black with silver accents. The steering wheel is visible on the right side. The overall lighting is dim, highlighting the texture of the leather and the details of the car's interior.

IF THERE'S A
SINGLE TRUTH TO
CONFIDENCE,
IT SPRINGS
FROM
THE INSIDE OUT.

300S shown in Radar Red Nappa leather-trimmed sport bucket seats with the Beats™ by Dr. Dre premium audio system.

300 SRT® CORE/300 SRT PREMIUM THE HIGH PERFORMER

STRAIGHT FROM THE BOOK ON STREET AND RACING TECHNOLOGY. This luxury and performance ringleader is track-ready with a 6.4-liter SRT® HEMI® V8 engine with Fuel Saver Technology. It delivers an impressive 470 horsepower and 470 lb-ft of torque while the available Adaptive Damping Suspension (ADS) yields a responsive, bolstered ride and handling. Manually operated Auto, Sport and Track modes rapidly change the performance characteristics from normal input from the road and driver to aggressively tuned shifting and response. Exclusive SRT Performance Pages, displayed on the Uconnect® 8.4-inch touch screen, provide data like horsepower, torque and 0-60 and 1/4-mile times, along with expanded engine information.

A SHIFT IN PRECISION. The interior personality adds available real Carbon Fiber and Piano Black bezels with bolstered performance seats trimmed in Black cloth on 300 SRT Core and available in Black, Radar Red Nappa leather-trim or Premium Laguna leather-trim on 300 SRT Premium. Available premium-leather trim fills in the luxe lines on Premium with supple and sturdy Nappa and Poltrona Frau Foligno leathers on the doors, armrests, center console, side panels, cluster brow and instrument panel. The SRT available leather heated steering wheel includes mounted paddle shifters for transmission commands, and the available 18-speaker, 900-watt Harman Kardon® Audio Group makes 300 SRT the front-runner of this performance pack.

MADE TO FLAUNT. The exterior distinction rears its tough side with Black headlamp bezels and Gloss Black grille with Bright surround. Pavement power takes its turn with 20-inch five-spoke cast aluminum wheels with Black pockets on Core and seven-spoke forged aluminum wheels on Premium. An available Black Vapor Chrome Package steams up 300 SRT Premium's character with unique 20-inch Black Vapor Chrome wheels and a Gloss Black grille with Black Chrome surround. Taking a chapter on burning rubber, air dams are incorporated into the lowered front fascia along with sport-performing side-sill cladding and a rear fascia that sits a half-inch lower with decklid spoiler. Visit driveSRT.com

300 SRT® CORE/300 SRT PREMIUM THE HIGH PERFORMER

STRAIGHT FROM THE BOOK ON STREET AND RACING TECHNOLOGY. This luxury and performance performance leader is track-ready with a 6.4-liter SRT® HEMI® V8 engine with Fuel 2over Technology. It delivers an impressive 470 horsepower and 470 lb-ft of torque while the available Adaptive Damping Suspension (ADS) yields a responsive, bolstered ride and handling. Manually operated Auto, Sport and Track modes rapidly change the performance characteristics from normal input from the road and driver to aggressively tuned shifting and response. Exclusive SRT Performance Pages, displayed on the Uconnect™ 8.4-inch touch screen, provide data like horsepower, torque and 0-60 and ¼-mile times, along with expanded engine information.

A SHIFT IN PRECISION. The interior personality adds available real Carbon Fiber and Piano Black bezels with bolstered performance seats trimmed in Black cloth on 300 SRT Core and available in Black Radar Red Nappa leather-trim or Premium Laguna leather-trim on 300 SRT Premium. Available premium-leather-trim fills in the luxe lines on Premium with subtle and sturdy Nappa and Poltrona Frau Poltrona leathers on the door, armrests, center console, side panels, cluster brow and instrument panel. The SRT available leather heated steering wheel includes mounted paddle shifters for transmission commands, and the available 18-speaker, 900-watt Harman Kardon® Audio Group makes 300 SRT the front-runner of this performance pack.

MADE TO FLAUNT. The exterior distinction rears its tough side with Black headlamp bezels and Gloss Black grille with Bright surround. Pavement power takes its turn with 20-inch five-spoke cast aluminum wheels with Black pockets on Core and seven-spoke forged aluminum wheels on Premium. An available Black Vapor Chrome Package steers up 300 SRT Premium's character with unique 20-inch Black Vapor Chrome wheels and a Gloss Black grille with Black Chrome surround. Taking a chapter on burning rubber, air dams are incorporated into the lowered front fascia along with sport-performing side-sill cladding and a rear fascia that sits a half-inch lower with decklid spoiler. AUTHENTIC CHRYSLER ACCESSORIES

Choose Authentic Chrysler Accessories by Mopar® for quality parts and accessories made to custom-fit your Chrysler 300. Mile after mile, you'll keep going strong with our expert technicians, genuine parts, Mopar Vehicle Protection™ plans, Express Lane Service and online Mopar Owner Connect™ Web site. See your Chrysler dealer for all the latest parts and accessories. You can learn more about the world of Mopar and all it has to offer at mopar.com

GOTHAM BLACK GRILLE. With its front-and-center standing, the grille is the key expressive feature on any 300 and the first to get noticed. Nothing makes a style statement as boldly or brightly as this Chrysler winged grille. **20-INCH GLOSS BLACK WHEELS.** These custom wheels are machined to match your 300's exact specifications, and are designed to deliver a smooth and balanced ride. They also undergo thorough testing to prove their durability and long-lasting shine. **MOPAR® CENTER CAPS.** Add the finishing touch to your distinctive wheels with chromed center caps featuring the Mopar logo.

DOOR SILL GUARDS.
Protect your 300's front and rear door sills from scratches while adding a nice touch of style. Front brushed stainless steel guards are embossed with the Chrysler name.

HEMI® ENGINE COVER.
A not-so-subtle approach to displaying your HEMI® engine. Available in Black Carbon Fiber-style design or in bold street HEMI Orange.

PISTOL GRIP SHIFT HANDLE.
This commemorative shift handle exudes pure performance and combines authentic Mopar style with modern looks. Features unique Gloss Black grips and Mopar logo.

MOPAR® WEB.4
Get high-speed Internet in your vehicle. Mopar Web's in-vehicle router receives broadband Internet, allowing passengers to surf the Web, social-network, look up directions, check email, play online games or download music. Works with any WiFi enabled device. No cell cards or software required. Subscription required; sold separately.

ROADS TO TAKE,
NEVER FOR GRANTED.

(1) Based on available competitive information and Chrysler Group LLC Upper Large Car segmentation. (2) SiriusXM services require subscriptions, sold separately after the 12-month trial included with the new vehicle purchase. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call SiriusXM at 1-866-635-2349 to cancel. See SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming subject to change. THE 8.4-INCH INTERACTIVE UCONNECT® SYSTEM, STANDARD ON ALL MODELS, HAS THE LARGEST TOUCH SCREEN IN ITS CLASS.1*

ENTERTAINMENT. Manage all your media with multiple ways to access audio, including Bluetooth® Streaming Audio, iPod® control with Voice Command, DVD player, auxiliary input jack, SD card slot and compatible multimedia devices with SiriusXM® Satellite Radio² (one year of service included).

PHONE. Uconnect Phone is the in-vehicle, voice-activated communication system that allows you to pair up to 10 Bluetooth compatible phones and then talk virtually hands-free. This system is also clever enough to synchronize with your phone's contacts³ – up to 1,000 entries.

VOICE COMMAND. It simplifies driving by letting you keep your eyes on the road and your hands on the wheel. Use your voice to select AM/FM radio stations and SiriusXM Satellite Radio² channels, and make calls.

WEB. Put the power of high-speed Internet in your vehicle with Mopar® Web,⁴ making your vehicle a mobile hotspot. Passengers can use multiple devices at the same time. There's no need for cell cards or software with this Authentic Chrysler Accessory by Mopar. It's all wireless. Subscription required. Sold separately.

NAVIGATION. Provides turn-by-turn voice guidance and visual display. It features the Garmin® intuitive user interface, bringing the Garmin handheld experience to a factory in-dash radio. With SiriusXM Traffic,² you'll get detailed information on traffic flow, construction and road closures.

SIRIUSXM TRAVEL LINK⁵ Brings national weather forecasts, fuel prices for local gas stations, in-game and final sports scores, weekly sports schedules, local movie theater listings and local ski conditions right to your vehicle.

SIRIUSXM ALL ACCESS PACKAGE. All satellite radio equipped vehicles come with a one year trial to the Sirius All Access package, providing over 150 channels of the best programming for all the places life takes you. In your vehicle – you'll get every channel available on your radio, including all the premium programming like Howard Stern, every NFL game, Oprah Radio, MLB Network Radio™ and more. On the go – with a SiriusXM Internet Radio subscription included with the All Access trial, you'll get SiriusXM on your computer, smartphone, or tablet. Visit www.siriusxm.com/getallaccess for details.

Go to DRIVEUCONNECT.COM to find out more.

ELECTRONIC VEHICLE INFORMATION CENTER (EVIC).

The driver-interactive color display in the instrument cluster incorporates the technology of a Thin Film Transistor Liquid Crystal Display (TFT-LCD) for improved image, contrast and quality. The system allows you to select and customize personal settings and view fuel economy, average distance to empty, temperature and tire pressure from steering-wheel control buttons.

COCKPIT CLARITY.

LED-backlit illumination and needles deliver exceptional crispness. The spectacular cluster lights feature a Sapphire Blue glow around the periphery, producing a visually pleasing cockpit effect. This illumination is repeated in the inner rings of the speedometer and tach, while larger numerals, set in a performance font, stand out in the foreground, providing focus and distinction.

AT THE HELM.

The four-spoke steering wheel provides a bolstered rim for enhanced performance, feel and grip. It offers a combination of material choices, including Satin Chrome bezel and top-grain leather, or opt for the available real wood and leather-wrapped heated steering wheel. Backlit cruise and EVIC controls are mounted on the front face and traditional audio controls on the rear surface. The standard Uconnect Voice Command with Bluetooth controls, as well as the cruise control and available Adaptive Cruise Control (ACC),⁶ are also located on the central spoke for eyes-on-the-road safety and convenience. The standard-equipment tilt/telescoping steering column confirms that functional comfort has been carried through to each thought-out detail.

MUSIC THE WAY THE ARTIST INTENDED.

With Dr. Dre's genius and Jimmy Iovine's vision, studio quality sound comes through in every inch of the 300S, 300, 300C and 300C John Varvatos Luxury Edition cabin. Included in all vehicles are specialized speakers and audio components that have been specifically designed and tested for Chrysler Group LLC, making this partnership one of a kind. The Beats Audio™ premium sound system allows you to hear your music exactly as the artist intended through 10 speakers, including an in-trunk subwoofer plus a 552-watt amplifier for an exhilarating acoustic experience.

*A note about this brochure: all disclaimers and disclosures can be found on the inside back cover.

FEEL IT TO YOUR CORE.

The available premium Harman Kardon® 18-speaker sound system plus subwoofer gives a whole new meaning to volume, range and bass, belting out serious sound horsepower. Available on SRT® Premium, SRT Core, 300C and 300C John Varvatos Luxury Edition.

300 STRONG.

With the 300S model's true dual-exhaust system accompanying the standard 3.6-liter DOHC VVT Pentastar® V6 engine and 8-speed transmission, it produces an astounding 300 horsepower and 264 lb-ft of torque. Standard on 300, 300C and 300C John Varvatos Luxury Edition, the V6 8-speed powertrain delivers 292 hp and 260 lb-ft of torque, and it packs the engineering technology of the most advanced engine Chrysler Group LLC has ever produced. It provides an exceptional blend of high torque, fuel efficiency, low emissions and first-rate noise, vibration and harshness (NVH) control, along with an EPA estimated 19 city/31 highway mpg based on Chrysler Group LLC testing. The available HEMI® V8 engine gives drivers a combination of V8 horsepower and fuel economy with an EPA estimated 16 city/25 hwy mpg based on Chrysler Group LLC testing, thanks to a 5-speed AutoStick transmission and Fuel Saver Technology that allow the engine to seamlessly switch from eight cylinders to four during cruising – creating the perfect formula for power and value. This welterweight delivers 363 heavyweight horsepower and the surprising punch of 394 lb-ft of torque.

THE 8-SPEED TRANSMISSION FOR UNSURPASSED COMBINED FUEL ECONOMY?7

The best way for Chrysler Group LLC to follow up its efficient and eager 8-speed transmission breakthrough? Make it standard on every 300 trim level (excluding SRT®), helping to provide overall unsurpassed fuel economy in its class.⁷ This exclusive partnership with the ZF Corp. transmission provides greater fuel efficiency with full-power performance. It starts with the acclaimed 3.6L Pentastar V6 engine and arms it with eight speeds to yield an astounding EPA estimated 19 city/31 highway mpg. 300S and 300C John Varvatos Luxury Edition drivers can navigate gears via steering wheel-mounted paddle shifters for clutchless manual shifting or opt to let the automatic transmission shift normally with the standard E-shift console handle. In addition, drivers can engage Sport mode for more aggressive driving dynamics, further showcasing the vehicle's capabilities.

THE MOST ADVANCED AVAILABLE ALL-WHEEL-DRIVE SYSTEM IN ITS CLASS.1

Now available on every 300 model (excluding SRT®). This standard, intelligent all-wheel-drive system automatically engages when wheel slip is detected to regain traction with changing road surfaces and conditions. The AWD system also engages when the driver turns off the Electronic Stability Control (ESC)⁸ system, the steering-wheel paddle shifters are in use or the optional 5.7L HEMI V8 5-speed transmission's AutoStick is engaged.

BEST-IN-CLASS V6 AWD HIGHWAY FUEL ECONOMY?9

The on-demand active transfer case automatically provides a seamless transition between rear-wheel and all-wheel drive. It consistently delivers outstanding performance and handling while maximizing fuel efficiency, including achieving best-in-class V6 AWD highway fuel economy.⁹

6.4-LITER HEMI® V8 ENGINE.

Standard on 300 SRT® Premium and SRT Core is the 6.4L HEMI V8 engine with Fuel Saver Technology and 5-speed AutoStick transmission. It delivers an impressive 470 horsepower and 470 lb-ft of torque. Exclusive SRT Performance Pages, displayed on the Uconnect® 8.4-inch touch screen, provide data like horsepower, torque and 0-60 and 1/4-mile times, along with expanded engine information.

ENGINEERED TO OWN THE ROAD: MULTILINK SUSPENSION.

Premium hydro bushings, shock absorbers, spring rates, front and rear multilink suspension geometries and the rear stabilizer bar contribute to the superior handling and ride comfort of 300. It noticeably delivers body and wheel control, optimized road-surface contact during cornering and engaging handling prowess. The multiple bushings help reduce road harshness over bumps to provide a smooth, quiet ride. An electrohydraulic power steering system contributes to fuel efficiency and increased steering capability.

CONTROL ISSUED.

Every 300 also packs standard control features, including ABS, Electronic Stability Control (ESC)⁸ Traction Control, Brake Assist, Ready-Alert Braking, Hill Start Assist and Rain Brake Support, which applies slight pressure to help dry the brake discs when wipers are activated.

AIR BAGS:¹⁰

Premium advanced multistage front air bags,¹⁰ supplemental front-seat thorax-side air bags,¹⁰ driver's inflatable knee-blocker air bag,¹⁰ and supplemental side-curtain air bags¹⁰ for front and rear outboard occupants are all standard.

IMPROVED CRUSH ZONES.

Designed to divert and dissipate impact energy away from the passenger compartment, this improved structure helps minimize injuries in the event of an accident.

REACTIVE HEAD RESTRAINTS.¹¹

This latest technology helps provide first-rate peace of mind. The front driver and passenger reactive head restraints¹¹ automatically move forward and upward in the event of a rear-end collision. They decrease the space between the head restraint and the occupant's head, which helps provide protection.

ADAPTIVE FORWARD LIGHTING (AFL).

This available system automatically adjusts headlamp direction for improved nighttime driving visibility. It computes your vehicle speed and steering-wheel angle to determine headlamp projection from straight ahead to 8° inward or 18° outward. For better visibility on sloping paths, the AFL system incorporates an automatic leveling feature, which aligns the headlamps to your vehicle-to-road pitch. Bi-Xenon High Intensity Discharge (HID) headlamps appear as a bright white beam, providing approximately three times the light output of traditional headlights, resulting in clearer forward vision.

PARKVIEW® REAR BACK-UP CAMERA.¹²

When reversing at low speeds, ParkView provides a wide-angle view of the area immediately behind the vehicle on the Uconnect® 8.4-inch touch screen. It also displays grid lines when maneuvering into parking spaces. Available.

PARKSENSE® FRONT-AND-REAR PARK ASSIST.¹²

When in Reverse or driving forward to park, sensors detect the presence of objects up to approximately 3.9 feet in front of the vehicle and 6.5 feet from the rear, and provide both audible and visual warnings in the Electronic Vehicle Information Center (EVIC). Available.

BLIND SPOT MONITORING (BSM).¹³

This technology uses radar sensors to aid the driver when changing lanes or being passed by unseen vehicles. The system notifies the driver of a vehicle in the blind spot via illuminated icons on the sideview mirror and selectable audible warning. Available.

REAR CROSS-PATH DETECTION (RCP).¹²

The Blind Spot Monitoring¹³ system also includes RCP,¹² which monitors for vehicles/objects in perpendicular relationships to the vehicle when maneuvering backward in parking lots. Available.

ADAPTIVE CRUISE CONTROL (ACC)⁶ AND FORWARD COLLISION WARNING (FCW).¹⁴

This available system uses a radar sensor mounted at the front of the 300 to detect objects in its path. If the lane ahead is clear, the cruise control speed you set will maintain. When slower traffic is detected, ACC automatically adjusts your speed to allow a safe distance between you and the vehicle in front of you. FCW provides an audible warning if the driver is approaching an object too fast, helping the driver determine what action must be taken to prevent a collision.

17-INCH TECH SILVER ALUMINUM WHEEL
Standard on 300 RWD

18-INCH CHROME-CLAD ALUMINUM WHEEL
Standard on 300C RWD

19-INCH ALUMINUM WHEEL WITH POLISHED FACE AND TECH SILVER POCKETS
Standard on AWD versions of 300, 300C, 300C John Varvatos Luxury Edition

19-INCH ALUMINUM WHEEL WITH POLISHED FACE AND BLACK POCKETS
Standard on 300S AWD

20-INCH ALUMINUM WHEEL WITH POLISHED FACE AND TECH SILVER POCKETS
Standard on 300C John Varvatos Luxury Edition RWD and Optional on 300C RWD

20-INCH ALUMINUM WHEEL WITH POLISHED FACE AND BLACK POCKETS
Standard on 300S RWD

20-INCH CAST-ALUMINUM WHEEL WITH BLACK POCKETS
Standard on 300 SRT® Core

20-INCH ALUMINUM SRT DESIGN WHEEL WITH POLISHED FACE AND TECH SILVER POCKETS

(1) Based on the latest available competitive information and the Chrysler Group LLC Upper Large Car segmentation. (2) SiriusXM service requires a subscription, sold separately, after 12-month trial included with vehicle purchase. If you decide to continue your SiriusXM service at the end of your trial subscription, the plan you choose will automatically renew and bill at the current rates until you call SiriusXM at 1-866-635-2349 to cancel. See our Customer Agreement for complete terms at siriusxm.com. Sirius satellite service available only to those at least 18 years and older in the 48 contiguous United States, D.C. and P.R. (with coverage limitations). SiriusXM Traffic available in select markets. See siriusxm.com/traffic for more information. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc. (3) Phone must support Bluetooth Phone Book Access Profile (PBAP). (4) Mopar Web feature is not intended for use by the driver while the vehicle is in motion. Always drive carefully. Subscription required. (5) The SiriusXM Travel Link data displays and individual product availability vary by vehicle hardware. Not all vehicles or devices are capable of receiving all Travel Link services offered by SiriusXM. Weather Forecast, Current Conditions may not be available in all locations; and features of individual systems will vary. Images in this book are for representative purposes only and are not real products. For actual features and images of real products, consult the vehicle manufacturer. SiriusXM is not responsible for any errors or inaccuracies in the SiriusXM Travel Link services or their use. Our satellite service is available only to those at least 18 and older in the contiguous USA and D.C. Our Sirius satellite service is also available in P.R. (with coverage limitations). Our Internet radio service is available throughout our satellite service area and in AK and HI. (6) ACC is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use brakes to avoid collisions. (7) EPA est. 19 city/31 highway mpg. Actual mileage may vary. Based on Chrysler Group LLC Upper Large Car segmentation. (8) No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. (9) Based on latest available competitive information and Chrysler Group LLC Upper Large Car segmentation. EPA est. 18 city/27 highway mpg. Actual mileage may vary. (10) The Advanced Front Air Bags in this vehicle are certified to the new U.S. federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belt properly. (11) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. (12) Always check entire surroundings visually before backing up. (13) Always check visually for vehicles prior to changing lanes. (14) FCW system is solely an alert system for the front of the vehicle, which does not take any actions to change vehicle dynamics to avoid a collision, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use brakes to avoid collisions. (15) Complete details, including restrictions, limitations and exclusions, will be available when you become a Cardmember.
