

Little Extras for Maintenance

- A. **GLASS CLEANER**—Wipe your glass sparkling clean. Spray comes in 23-ounce can. Excellent for home use, too!
- B. **WINDSHIELD WASHER SOLVENT AND BUG REMOVER**—Keep windows free from road film, bugs, and wiper smear. Guards against washer freeze up.
- C. **POLISHING CLOTH**—Shine up, clean up. Wax-treated cloth removes dust, dry mud, grease spots. Great for home furniture, too—when it's dirty, just wash it and start all over again.
- D. **VINYL TOP CLEANER AND PROTECTOR**—Tidy up the vinyl top and protect it at the same time. Use it on convertible tops, vinyl upholstery, padded dash and rubber mats, too!
- E. **FINISH GUARD WASH AND GLAZE**—Wipe it on, let it dry, wipe it off. A wash that produces a brilliant luster.
- F. **FINISH GUARD HARD PLATE WAX**—Put a hard finish on your Buick without much "elbow grease." Durable, clear wax resists stains and dirt.
- G. **SPRAY PAINT**—Touchup little spots with an aerosol spray. Available to match most Buick colors.
- H. **SCRATCH-FIX TOUCH-UP PAINT**—Brush over those small nicks and scratches. Colors to match most factory paints.
- I. **GEM GLO**—Brighten and protect your car's finish with an aerosol spray that lasts for months, but takes less than 20 minutes to apply. It's the latest thing on the market.

Safety Extras for Little People

INFANT SAFETY CARRIER

Give tiny passengers an extra-safe ride. Carrier is kept firm by regular lap belt and is placed backwards—for added safety. Special shoulder harness gently holds infant in carrier.

DOOR-LOCK GUARDS

Avoid a much-too-common accident. When button is down the only way the door can be opened from the inside is by inserting car key in slot of Lock Guard and raising button. It can even lock with the window open and is installed quickly, and easily.

A Little Extra Class

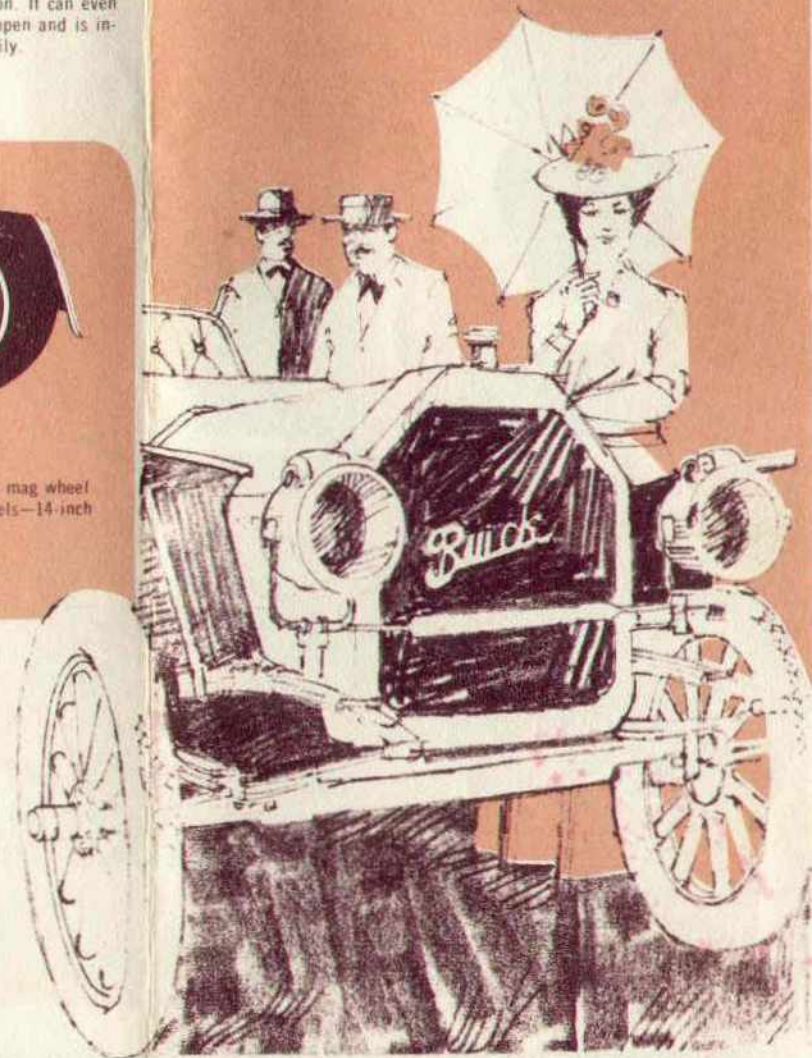

SIMULATED MAGNESIUM WHEEL COVER

Add a bit of dash with the mag wheel look. Available for all models—14-inch and 15-inch wheels.

The Little Extras

(BECAUSE YOU DESERVE
A LITTLE EXTRA)

A Little Extra Help When Traveling or Towing

HIGHWAY EMERGENCY KIT

Be prepared! All-purpose first-aid kit contains 1 fire inflator/puncture sealer, 1 dry chemical 17-ounce fire extinguisher, 2 15 minute flares, 1 box of assorted band-aids, 1-red plastic emergency antenna flag. All in a compact carton.

AIR DEFLECTOR

Drive along with the back window staying clean. For Buick sportswagons, the deflector directs a flow of clean air off the roof and downward over the tailgate window. Prevents road dust, mud, or snow from accumulating.

CLOTHES ROD

Retain neat and wrinkle-free clothes—even on long trips. The sturdy aluminum rod can hold up to 24 garments and is attached in seconds. It telescopes, too, to allow for easy storage. Available for all models, except convertibles.

COMPASS

Get your bearings with a reliable compass that won't let you down in unfamiliar territory—day or night. Illuminated by battery power, it can be easily installed on the dashboard or attached to the windshield.

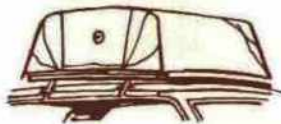

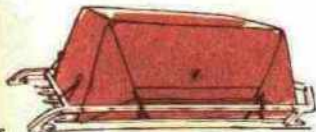

AUTOMATIC LEVEL CONTROL

Level your load for safer, easier driving. Levior automatically supplies compressed air to pump up the rear shock absorbers to keep your car level. Keeps optimum load height—headlight aim remains unchanged. Air is automatically released when you unload. Available for station wagons, LeSabre, Centurion, Electra, and Riviera.

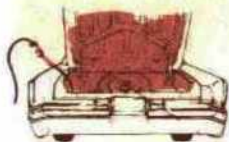

ROOF-TOP LUGGAGE EXTRAS

Add more room and comfort for passengers. A roof rack, luggage cover, and covered luggage carrier are available. The all-vinyl cover is designed for station wagons with permanent roof racks. The roof rack uses a special base with suction cups and drip molding attachments that permit easy installation on the roof of sedans or wagons without permanent roof racks. And the covered luggage carrier does it all—carries and protects.

TRAILER HITCHES

Take it with you—with a Class A trailer hitch. Car frames are pre-drilled at the factory to make dealer installation quick and easy. Designed for gross weight loads up to 2000 pounds, the hitch is available on all models.

TRAILER WIRING HARNESS

The trailer taillights, stop and directional signals in with the car lights. Easy to install, it can be transferred from one car to another in minutes.

SKI RACKS

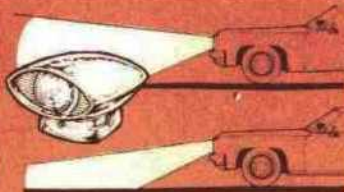

Carry up to eight pairs of skis securely—with Briggs and Stratton locks. Styled to compliment skiing equipment.

A Little Extra Light

TWILIGHT SENTINEL

Make a little magic—when you need it, when you want it! The twilight sentinel turns your headlights on and off—automatically. If you don't want to leave your car in darkness, set the sentinel and your headlights will light the way for you, then automatically shut off. Gives you just a little extra safety in strange areas.

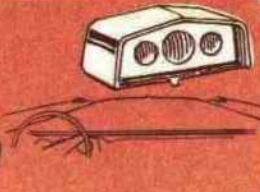

GUIDE-MATIC HEADLIGHT CONTROL

Show some consideration for the other guy! The Guide-Matic automatically dims your headlights as oncoming traffic approaches. Lights return to bright when traffic has passed.

UTILITY LIGHT

Pull out a little extra light to change a tire or make a minor adjustment. The 18-foot extension cord slides on a reel at the base of the light and a snap-in bracket provides for mounting the light under the hood or trunk lid.

FRONT LIGHT MONITORS

See from the inside if your lights are working, outside. Monitors—headlights (built high and low) and turn signals. Remote-mounted units are easily read from the driver's seat.

SEE YOUR BUICK DEALER FOR THAT LITTLE EXTRA—A LITTLE EXTRA SERVICE AND A LITTLE EXTRA OR TWO FOR YOUR NEW BUICK.

A Little Extra Comfort and Convenience

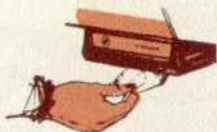

AUTOMATIC TRUNK-LID RELEASE

Snap open your trunk without leaving your seat. A big extra on a cold day, but bigger yet on a wet one!

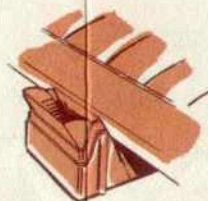

ENGINE-BLOCK HEATER

Be on your way, each and every day. This little extra helps get your heater-defroster going quicker. You, too.

DASH-MOUNT TISSUE DISPENSER

Try this smartly styled tissue dispenser that holds junior size tissues and is easily installed by your Buick dealer.

UNDERSEAT LITTER BASKET

Do your part to keep the country-side clean. A Buick exclusive, it's a molded-plastic litter container that hides out of sight and is easily reached when you need it. Completely adjustable, and available for most GM cars.

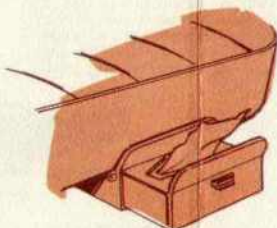

CRUISE-MASTER SPEED CONTROL

Discover the ultimate in driving convenience! Control actually replaces foot pressure on the accelerator. Just reach the speed you want, push the button, and relax! Your Buick will maintain a steady speed, uphill and downhill. A touch of the brake, and you're back on the gas. Available for all models with automatic transmission.

TISSUE DISPENSER—LITTER BASKET

How about an easy-to-reach, floor-mounted tissue dispenser and litter basket! Tissues are convenient to driver and passenger; litter basket helps keep waste in its place. Available in black or beige molded plastic.

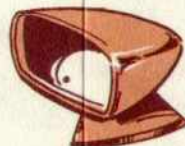

UNDERSEAT TISSUE DISPENSER

Another Buick first! Right there with junior-size tissues under the seat. Slides out when you need it.

REMOTE-CONTROL MIRROR

Stay in the car while you adjust the heavy-chrome-finished mirror. No need to open the window on cold or rainy days. And it fits in the same spot as the factory-installed mirror—no extra holes to drill.

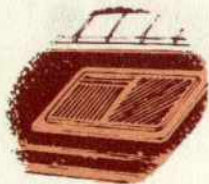

SPORT MIRROR

Add a dash of class with the Buick sport mirror. Chrome-coated reflecting surface clears up, brightens up what's behind. And smooth contoured casing is painted to match body color.

VISOR VANITY MIRROR

Arrive at your destination looking your best. A visor vanity mirror can help.

REAR WINDOW DEFROSTER/DEFOGGER

Wait in your car—frosty and dry—and let the rear window defrost itself. No more scraping and chipping on a cold morning. Available for all models except station wagons and convertibles.

STEREO TAPE PLAYERS

Relax with a Buick-Delco stereo tape system. It's completely automatic and accommodates all 8 track stereo cartridges. Get up to 80 minutes of uninterrupted stereo enjoyment without repeat.

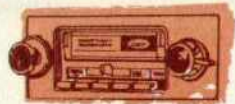

REAR SEAT SPEAKER

Switch to stereolike sound on your regular radio. The speaker operates alone, or together with the front seat speaker.

RADIO-TAPE PLAYER UNIT

Try an atmosphere of elegance. The unit operates with 2 front and 2 rear speakers to give you the complete stereo feeling. Fits all LeSabre, Centurion, Electra and Riviera models.

Wait in your car—boasty and dry—and let the rear window defrost itself. No more scraping and chipping on a cold morning. Available for all models except station wagons and convertibles.

A Little Extra Protection and Styling

PLASTIC SIDE MOLDINGS

Protect your new Buick's finish with vinyl-plastic side moldings. They go on quick with adhesive backing, and they look like chrome with vinyl inserts. Helps get you out of tight parking spots without a scratch.

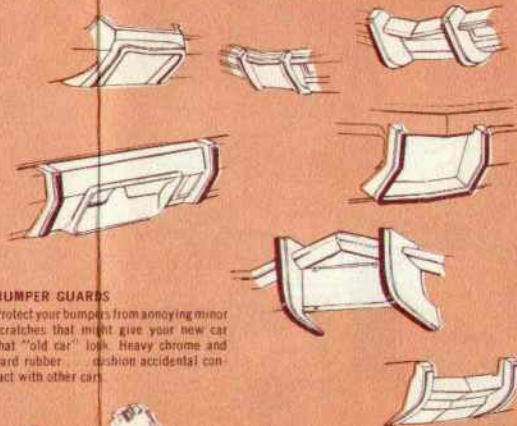

LICENSE PLATE FRAME

Cover up the edges of your license plate, while dressing it up. The bright stainless steel finish blends in with your bumper and adds that finishing touch.

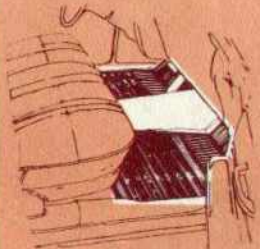

DOOR EDGE GUARDS

Snap lustrous stainless steel strips into permanent position on your Buick, eliminate door edge nicks and chips.

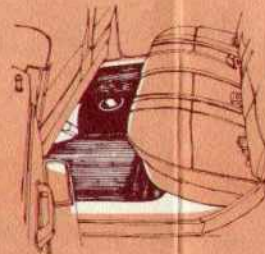

BUMPER GUARDS

Protect your bumpers from annoying minor scratches that might give your new car that "old car" look. Heavy chrome and hard rubber... fashion accidental contact with other cars.

CARPET SAVERS

Save your front carpeting from excess wear and soiling. Made of heavy duty five rubber in black, blue, green, beige, saddle, and dark brown.

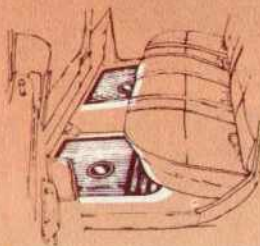

REAR OVERALL MAT

Preserve rear seat carpet and add style at the same time. A one-piece mat with that little extra—black, blue, green, saddle, and dark brown.

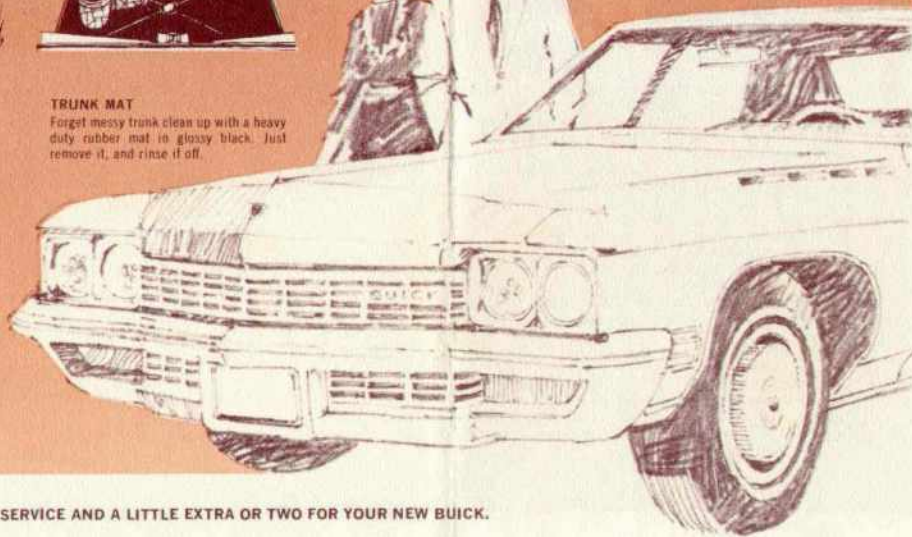

TRUNK MAT

Forget messy trunk clean up with a heavy duty rubber mat in glossy black. Just remove it, and rinse it off.

HANDY MATS

Now, protect your rear carpets with mats that match your front carpet savers. Available in the same harmonizing colors.
