ELDORADO

1984

## ELDORADO BIARRITZ CONVERTIBLE

The Cadillac of convertibles is here! The Cadillac Eldorado Convertible. And it's everything you'd expect in a convertible that carries the Cadillac name. From its genuine leather seating areas for five to its undeniably smooth Cadillac ride.

Without a doubt, this is one convertible that truly brings luxury out in the open. The Eldorado Biarritz Convertible for 1984 [shown in Cotillion White with white top and Dark Carmine interior leather seating areas]

**A WORD ABOUT THIS CATALOG:**  
We have tried to make this catalog as comprehensive and factual as possible and we hope you find it helpful. However, since the time of printing, some of the information you will find here may have been updated. Also, some of the equipment shown or described throughout this

catalog is available at extra cost. Your dealer has details and, before ordering, you should ask him to bring you up to date. The right is reserved to make changes at any time, without notice, in prices, colors, materials, equipment, specifications and models. Check with your Cadillac dealer for complete information.

## ELDORADO COUPE

You are looking at the legacy of the automobile that gave birth to the Eldorado legend. The classic Eldorado Coupe for 1984. This is an automobile of time-honored elegance. With the sportiness of a custom personal car and

the comfort and engineering sophistication of a great luxury car. Eldorado's other exploits for 1984 include an abundance of comfortable interior luxury, an aesthetic use of elegant black accents, and a

pleasantly difficult choice of outstanding available AM/FM stereos that includes the new 2000 series and the Delco-GM/Bose Symphony Sound System. Eldorado is shown in Hatteras Blue.

## ELDORADO BIARRITZ

From the moment you first glance at the 1984 Biarritz, you know that there's something very special about this Eldorado.

Note its distinctive wire wheel discs, padded Cabriolet vinyl roof and brushed stainless steel roof cap. Even at a distance, there is no denying that this is an automobile of the utmost elegance.

Come in for a closer look and see how its luxurious interior rewards you with comfort truly befitting the Biarritz name. Including deluxe Tampico carpeting, special Biarritz trim design and genuine leather seating areas.

No wonder the Eldorado Biarritz has often been referred to as a Cadillac "dream machine." Eldorado Biarritz is shown in available Beech Firemist with matching padded Cabriolet vinyl roof.

## ELDORADO TOURING COUPE

If you thrive on the challenge of a winding country road, yet still appreciate the comforts of the good life, the 1984 Eldorado Touring Coupe is for you. Outside, it's poised for action in the aggressive road stance of the top-quality road car it is.

Between you and the pavement, big P225/70R15 steel-belted radial blackwall tires\* on alloy wheels combine with a specially tuned Touring Suspension to offer a firm, controlled feel of the road. And inside, you'll find out firsthand what such refinements as adjusted power steering valving can do for your driving, as you take control of

the road in a bucket seat endowed with both lumbar and lateral support. The Eldorado Touring Coupe for 1984. Created for the person who loves to drive. Offered in Sable Black, as shown, or available Sonora Saddle Firemist.

\*CAUTION: For use with tire chains. See Owner's Manual.

New Black Accented Instrument Panel and Power Convertible Top Control Shown. (Available Features Also Shown.)

 Touring Suspension—Includes Large P225/70R15 Tires.\* (Standard on Eldorado Touring Coupe). (Not available on Eldorado Biarritz Convertible).

\*CAUTION: For Use with Tire Chains, See Owner's Manual.

# THE CADILLAC LEGACY OF QUALITY (and what it can mean to the Eldorado owner).

**THE FACTS SPEAK FOR THEMSELVES.** For 35 consecutive years, more Americans have chosen to own Cadillac than any other luxury car. One explanation for this remarkable record is our commitment to quality. After all, quality is why there's a Cadillac in the first place.

## ANTI-CORROSION PROTECTION IN OVER 100 AREAS.

The 1984 Cadillacs incorporate extensive anti-corrosion measures. Advanced rust-fighting technology helps protect over 100 specially treated areas.

For instance, Eldorado car bodies are immersed in an electron-charged dip that bonds paint and metal with magnetic-like adhesion. Even the bumpers are triple-

plated with three types of metal (copper, nickel and chrome) to protect against corrosion.

## ADVANCED TECHNOLOGY.

Innovation not for innovation's sake—but your sake. That's the criterion we use at Cadillac in evaluating new ideas. It's a policy that has resulted in advances such as On-Board Computer Diagnostics, standard with the HT4100 engine. This space-age feature alerts you to certain service requirements with "Service Now" or "Service Soon" indicator lights on the instrument panel. Then, there's the Fuel Data Panel, also standard with the HT4100 engine. Among other things, it shows you how you can adjust your driving habits to get the most out of every gallon.

## 1984 ELDORADO SAFETY FEATURES

### OCCUPANT PROTECTION

Manual lap/shoulder belts with push-button buckles for driver and right front passenger (driver side includes visual and audible warning system). Manual lap belt at center position, when applicable.

Manual lap belts with push-button buckles at rear passenger positions including center, when applicable.

Energy-absorbing steering column.

Passenger-guard inside door lock handles.

Safety interlocking door latches.

Inertia-type folding front seatback latches.

Energy-absorbing instrument panel and front seatback tops.

Laminated safety glass windshield/tempered safety glass side and rear windows.

Safety armrests.

Front seat head restraint for driver and right front passenger (adjustable).

Glove box door latch and, when applicable, console cover latch impact security.

Smooth contoured door and window regulator handles.

Pressure lock radiator cap.

### ACCIDENT AVOIDANCE

Side marker lights and reflectors.

Parking lamps that illuminate with headlamps.

Four-way hazard warning flasher.

Backup lights.

Lane change feature in direction signal control.

Windshield defrosters, washer and controlled-cycle wiper system.

## THOSE "LITTLE THINGS."

Soon after you become a Cadillac owner, you'll wonder how you ever managed without all those thoughtful touches. For instance, Eldorado has an electronic climate control system so precise you can adjust the temperature setting to a single degree. Along with a plush driver's seat with six-way power adjuster that conforms to you—not vice versa. Down to reminder chimes that politely persuade you to get it together and buckle up for safety.

## CADILLAC'S GOLD KEY DELIVERY SYSTEM.

As the name implies, Cadillac has inaugurated the most comprehensive delivery program in our 82-year history. It includes a thorough inspection of your vehicle, an

orientation drive with your sales consultant, a tape cassette with a thorough explanation of your Eldorado and a full tank of fuel. Plus two sets of Gold Keys and your own Gold Key Identification Card. But that's not all. You'll also receive a 1,000 mile inspection—at no charge.

## CADILLAC'S COMPLETE CUSTOMER SATISFACTION SYSTEM.

We have also begun a new step-by-step service excellence system with complete customer satisfaction as our goal. And we're now certifying participating Cadillac dealers nationwide for this system which we believe will set a new service standard for the world.

Pressure relief fuel cap.

Tread-wear indicators on tires.

### ANTI-THEFT

Audible anti-theft ignition key reminder.

Anti-theft steering column lock.

Inside hood release.

Anti-theft key system (one key for ignition only, second key for doors, trunk and glove compartment).

Visible vehicle identification number.

AVAILABLE ANTI-THEFT FEATURE  
Theft-Deterrent System. (Standard on Eldorado Biarritz Convertible.)

Let's Get It Together... Buckle Up.

ALL GASOLINE-POWERED MODELS  
Unleaded Fuel—Use only unleaded gasoline meeting Federal government regulations. The Federal government specifies the minimum octane number of unleaded gasoline. Unleaded gasoline must be used for proper emission control system operation. It will also minimize spark plug fouling. The use of leaded gasoline can damage the emission control system and could result in loss of warranty coverage.
