FLEETWOOD BROUGHAM

*1935 Cadillac*

## INTRODUCTION

Cadillac.

For more than 80 years now, having that name on your car has meant you drive one of the world's premier automobiles.

Consider.

When you think of quality cars, you think of Cadillac.

When you think of luxury and prestige, you think of Cadillac.

When you think of engineering or performance or attention to detail or personalized convenience, you think of Cadillac.

This heritage has been enhanced in 1985.

Throughout every Cadillac model, there is a common denominator that is the envy of carmakers the world over: the name Cadillac and what it stands for.

We hope you enjoy this catalog.

While certainly not as satisfying as driving the 1985 model of your choice, we believe it will give you an idea what "Best of all...it's a Cadillac" means to so many.

SEDAN DE VILLE. The 1985 version of America's favorite luxury sedan brings new levels of performance to De Ville's unquestionable standard of luxury. De Ville on pages 2-11.

COUPE DE VILLE. A clean, crisp two-door version of the most advanced Cadillac ever. This personal expression is everything you'd expect from a Cadillac. De Ville on pages 2-11.

FLEETWOOD. This latest expression of Fleetwood combines Cadillac's long history of elegance and comfort with new levels of performance. Fleetwood on pages 12-21.

FLEETWOOD SEVENTY FIVE LIMOUSINE. A new generation of limousines with all the technology of the most advanced Cadillac ever while retaining all the incomparable Cadillac luxury, comfort and prestige. Fleetwood Seventy Five Limousine on pages 22-25.

ELDORADO. You know the name and all it stands for. Classic sportiness. Renowned luxury. Distinctive styling. Advanced engineering. A car for those who love to drive. Eldorado on pages 26-35.

SEVILLE. A first-class luxury car that's as distinctive as you are. With quality and craftsmanship. Unmatched styling. And outstanding technology. Who says you can't have it all? Seville on pages 36-45.

FLEETWOOD BROUGHAM. We have not forgotten all the reasons you have always owned a Cadillac. The classic Cadillac look and appeal. The famous Cadillac luxury and comfort. And so much more. Fleetwood Brougham on pages 46-53.

# 1 9 8 5 S E D A N D E V I L L E

The 1985 version of America's favorite luxury sedan brings new levels of performance to De Ville's unquestionable standard of luxury. The De Ville has a front-wheel-drive, transverse-mounted V8 (a Cadillac exclusive for production cars). You enjoy new levels

of traction and responsive power to pass when you need it. Note, also, the quality of Cadillac's aerodynamic door-into-roof design. The 1985 Sedan de Ville is an American classic that just keeps getting better. Shown in Commodore Blue.

The Sedan de Ville interior for 1985 is just what you've come to expect from Cadillac. It offers full-size six-passenger roominess, and even more front seat headroom and legroom than its predecessor. Many controls are touch- or shape-identified for easy identification; they're all placed for maximum driver convenience.

Seating materials meet or exceed the discriminating Cadillac owner's exacting standards—as exemplified by the available Sierra Grain leather seating areas shown in Dark Blue, one of ten colors offered in leather. And above all, this is a quiet place—a place to escape the rigors of a demanding, and sometimes hectic, world.

# 1985 COUPE DE VILLE

For the driver who appreciates clean, crisp two-door styling, we proudly offer the 1985 Coupe de Ville. This personal expression of De Ville is everything you expect from a Cadillac. With full-size, six-passenger seating, luxurious interior appointments, front-wheel drive and your

choice of the transverse-mounted 4.1 liter V8 Digital Fuel Injection (DFI) Gasoline or 4.3 liter V6 Diesel powerplants.

To drive the 1985 Coupe de Ville is to experience traditional Cadillac luxury matched with new levels of perfor-

mance you may have never expected. Coupe de Ville for 1985...an exciting, innovative expression of an idea that has never changed. Exterior shown here in available Madeira Plum Pearlmist. Interior shown with Dark Maroon, one of six cloth colors offered in Heather and Augusta cloth.

# STANDARD FEATURES

**4.1 Liter V8 DFI Gasoline Engine**—The first and only transverse-mounted V8 engine in any front-wheel-drive production car in the world.

Extensive simplification of electronics designed to help increase dependability.

For your convenience... power windows that can operate up to ten minutes after you turn off the ignition (or until a door is opened).

Full six-passenger seating capacity.

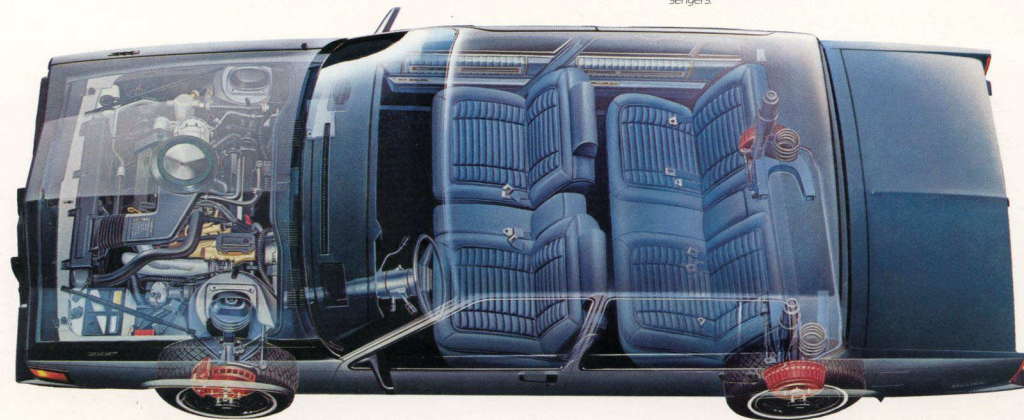

Independent four-wheel suspension for a smooth ride and responsive handling.

Door-into-roof design for quality fit, custom tailored appearance, reduced wind noise and vehicle wind resistance, and ease of entry and exit for driver and passengers.

Two final coats of clear acrylic for a deep, rich luster.

A great view of the road with front side window defoggers for wintry days.

The luxury of space with more front seat legroom and headroom than its predecessor.

Power-assisted rack and pinion steering.

Front-wheel drive for impressive traction in adverse weather.

Front seat lumbar support. Digital fuel gauge.

Body-frame integral construction to enhance solid structural feel.

Deep, wide 15.7 cubic-foot trunk easily accepts bulky suitcases.

Electronic Level Control helps with changing loads.

Expanded and improved on-board computerized self-diagnostics system helps service technicians find service solutions quickly.

## ENGINE/CHASSIS

**Front-Wheel Drive.** Because the engine's weight is positioned over the wheels that drive the car, front-wheel drive provides impressive traction in adverse weather.

**4.1 Liter V8 DFI Gasoline Engine.** This Cadillac exclusive is the world's only transverse-mounted V8 in a front-wheel-drive production car. Please see page 54 for details.

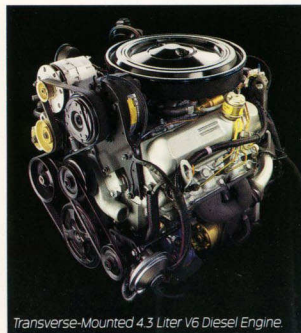

**4.3 Liter V6 Diesel Engine.** So smooth and responsive that you may forget you're driving a Diesel. A no-charge option. Please see page 54 for details.

**Independent Four-Wheel Suspension.** Each wheel reacts independently to road variations for a smooth and confident Cadillac ride.

**Electronic Level Control.** Automatically adjusts to changing loads to help keep the car level.

Transverse-Mounted 4.1 Liter V8 DFI Gasoline Engine.

Transverse-Mounted 4.3 Liter V6 Diesel Engine.

- Gold Key Delivery System (See page 56 for details.)
- Headrests, Front Seat—Adjustable
- Lamp Monitors—Front and Rear
- Lights, Exterior—Includes Front Cornering Lights and Tungsten Halogen Low- and High-Beam Headlamps
- Lights, Interior—Underhood, Glove Compartment, Front Ash Receivers, Sunshade Support, Door Courtesy and Warning, Sail Panel Courtesy, Luggage Compartment

behind, thereby giving early warning of braking occurring ahead.

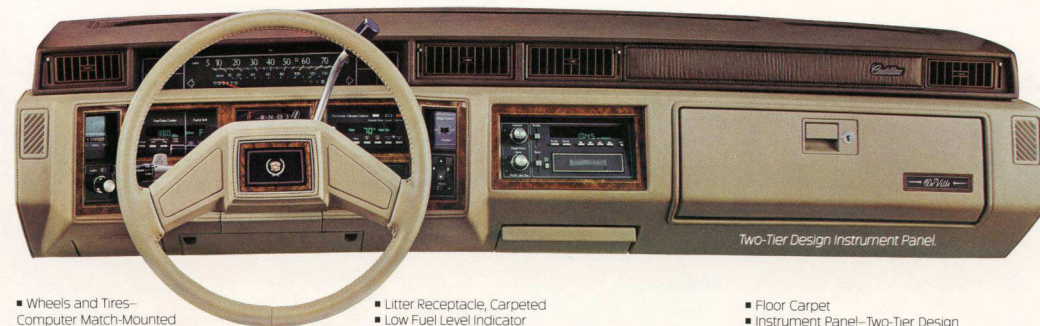

**Cadillac's 4-Year/50,000-Mile Limited Warranty.** The 1985 DeVille is backed by Cadillac's special limited warranty. In some cases, a deductible applies. Please see your dealer for details.

**Anti-Corrosion Treatments.** In all, over 100 areas are specially treated.

**Weath and Crest Ornamentation.**

## As Well As:

- Accent Striping (Deck Lid only)
- Bumper Guards—Front
- Bumper Rub Strip—Front and Rear
- Clear Acrylic—For a deep, rich luster
- Door-Into-Roof Design
- Door Panels, Single Piece Inner and Outer
- Door Sail Plates

Two-Tier Design Instrument Panel.

- Wheels and Tires—Computer Match-Mounted

## COMFORT AND CONVENIENCE

**Electronic Climate Control with Outside Temperature Digital Display.** Change interior temperature setting as precisely as one degree.

**Retained Accessory Power.** Allows you to operate the power windows or the available remote trunk lid release for up to ten minutes after you turn off the ignition or until a door is opened. It's part of the Cadillac-exclusive Body Computer Module, a precise digital control system which enhances the function of many body-related passenger convenience features.

**Fuel Data Center with Digital Fuel Gauge.** Displays your instantaneous mpg, average mpg, estimated driving range and even how much fuel you've used (with 4.1 Liter V8 DFI).

**Diesel Data Center with Digital Fuel Gauge.** With a "WAIT TO START" indicator light and a "WATER IN FUEL" warning light (with 4.3 Liter V6 Diesel Engine).

## As Well As:

- Armrest, Center—Front and Rear
- Armrest, Doors—Front and Rear (Sedan de Ville)
- Armrest, Front Doors and Rear Quarters (Coupe de Ville)

- Litter Receptacle, Carpeted
- Low Fuel Level Indicator
- Mirrors, Right and Left, Outside Rearview, Remote Controlled—Right Convex
- Multifunction Turn Signal Lever for Wipe/Wash/Dim
- Pockets, Front Seatback
- Seat, Notch Bench, Front (Three Passenger)
- Seat Adjuster—Six-Way Power (Driver's Side)
- Soft Ray Tinted Glass
- Trip Odometer—Push-to-Reset
- Visor Vanity Mirror—Passenger
- Visors, Padded and Recessed Dual Sun
- Windows, Electrically Powered
- Windshield Washer Fluid Low Level Indicator
- Windshield Wipers, Two-Speed—With Fluidic Windshield Washer System

## SOUND SYSTEM

### Antenna—Power

**Radio.** 2000 Series AM/FM Stereo Signal Seeking and Scanner with Digital Display (Electrically Tuned Receiver).

## APPEARANCE AND PROTECTION

**Center High-Mounted Stop Lamp.** Mounted at the center of the rear shelf inside the rear window, this new Cadillac feature provides additional indication of vehicle braking. Its high-center-mounted location facilitates visibility to drivers following

- Floor Carpet
- Instrument Panel—Two-Tier Design
- Luggage Compartment, Carpeted
- Moldings—including Body Side (Car Color), Rocker Panel, Wheel Opening
- Roof, Metal, Painted
- Wheel Discs

Standard Wheel Disc.

## AVAILABLE FEATURES

### COMFORT AND CONVENIENCE

**New Automatic Day/Night Inside Rearview Mirror.** This mirror electronically detects glare from following headlamps and automatically adjusts the rearview mirror to the non-glare mode. When glare subsides, the mirror returns to the normal viewing mode after a short time delay. The illuminated distance dial allows a full range of adjustments to match the mirror to your eye sensitivity.

**New Electrically Powered AstrorooF.** This glass panel can either be retracted or tilted up. When retracted, an air deflector automatically pops up in the front. Also includes the added convenience of an adjustable sunshade. (AstrorooF reduces headroom slightly.)

**General Motors Acceptance Corporation (GMAC) Financing.** Your Cadillac dealer can arrange convenient GMAC Financing right in the showroom. You'll get prompt, efficient service, terms to fit your budget and rates that make good sense without having to go out of your way.

**Trunk Lid Release and Power Pull-Down.** Trunk release button, located inside the glove box, opens the trunk. Release works with ignition on or up to ten minutes after you turn ignition off (or until a door is opened). Also may be ordered with the quiet pull-down feature which, once engaged, automatically pulls trunk lid down and locks it into place.

### As Well As:

- Controlled Cycle Wiper System—(Requires Available Tilt and Telescope Steering Wheel)
- Cruise Control
- Defogger Rear Window—Includes Heated Outside Rearview Mirrors
- Dimming Sentinel—(Requires Available Controlled Cycle Wiper System and Tilt and Telescope Steering Wheel)
- Door Locks—Automatic
- Garage Door Opener
- Illuminated Entry System
- Leasing Arrangements—Ask your participating Cadillac dealer for details
- Memory Seat—(Optional only with Dual Comfort Front Seats)
- Mirrors, Electrically Powered Outside Rearview (Available in Chrome or Car Color)
- Recliner, Power—Driver Seat (Optional only with Dual Comfort Front Seats)
- Recliner, Power—Front Passenger Seat/Seatback
- Seat Adjuster—Six-Way Power (Front Passenger's Side) (Optional only with Dual Comfort Front Seats)
- Seats, Front—Dual Comfort 45/55 (Three Passenger)
- Steering Wheel, Tilt and Telescope—(Requires Available Controlled Cycle Wiper System)
- Trumpet Horn
- Trunk Lid Release—Power
- Twilight Sentinel

Formal Cabriolet Vinyl Roof (available on Coupe de Ville only)

Wire Wheel Disc.

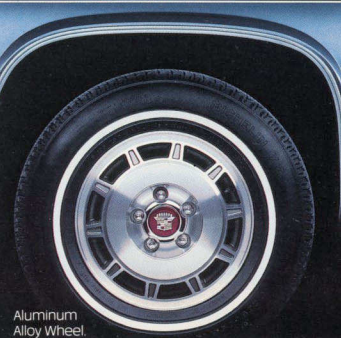

New Automatic Day/Night Mirror.

New AstrorooF.

Delco-GM/Bose Symphony Sound System.

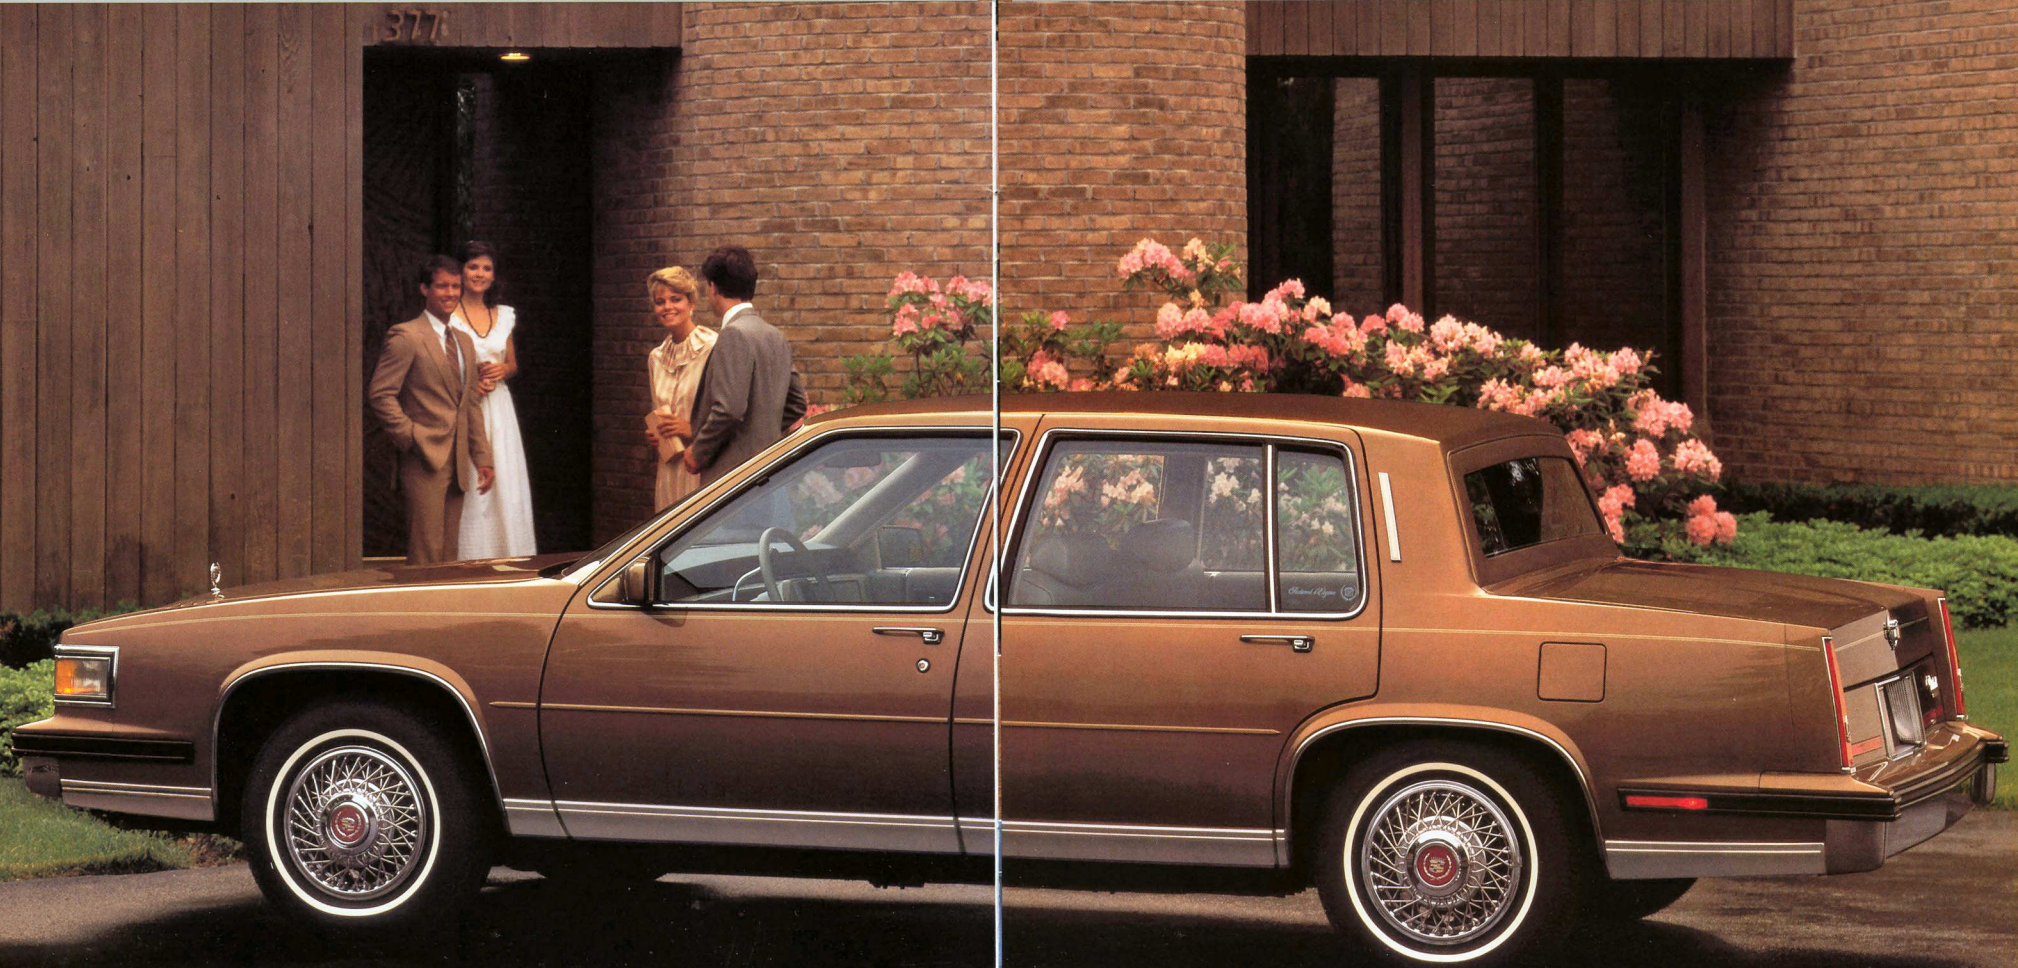

Aluminum Alloy Wheel.

Twilight Sentinel.

When you think about Fleetwood, you naturally think of Cadillac's long history of elegance and comfort. And this latest expression of Fleetwood is all that, and more. It is new levels of performance, embodied in independent four-wheel suspension to smooth your ride, and a front-wheel-drive transverse-mounted V8 (a Cadillac exclusive for production cars).

And let's not forget those things that make a Fleetwood special. Things like a closed-in limousine-style rear window, opera lamps, standard wire wheel discs and the look of etched glass that proudly displays Fleetwood identification. The 1985 Fleetwood...a beautiful automobile that performs beautifully. Shown here in Canyon Brown.

New levels of elegance combine with traditional Cadillac roominess for six in the Fleetwood for 1985. With even more front seat headroom and legroom than its predecessor. But the true test of any automobile is how it feels to drive. And the new Fleetwood is a pure joy. Controls for both comfort and convenience are within easy reach. Then there are those special Fleetwood features.

You'll find unique seat trim design, Dual Comfort Front Seats (three passenger), a power trunk lid release and more—all standard. And here you see the ultimate expression of Fleetwood luxury, the Fleetwood d'Elegance with its tufted pillow-style seating areas shown here in available Sandalwood leather, one of four colors offered. Or choose from four selections in Heather cloth.

1985 FLEETWOOD COUPE

New for 1985 is this two-door expression of Cadillac's Fleetwood model. Fleetwood Coupe doesn't rest on tradition. Performance matches luxury in this most advanced Cadillac ever. Traditional Cadillac features like room for six and a vast array of comfort and convenience items are matched by aerodynamic door-into-

roof design, independent four-wheel suspension and the world's only transverse-mounted V8 in a front-wheel-drive production car.

Consider also those extra Fleetwood touches. Like electroluminescent opera lamps, wire wheel discs and Formal Cabriolet roof treatment with

closed-in limousine-style rear window.

The 1985 Fleetwood Coupe. Shown here in Academy Gray with matching Formal Cabriolet vinyl roof. Interior shown with available Gray leather seating areas, one of ten leather colors offered.

Fleetwood Standard Interior of Heather and Wheaton Cloths, Offered in Six Colors Including Dark Blue Shown.

#### COMFORT AND CONVENIENCE

**Dual Comfort 45/55 Front Seats (Three Passenger).** Allow driver and right front passenger to adjust seats for maximum comfort. Includes manual driver and passenger front seatback recliners.

**Trunk Lid Release.** Trunk release button, located inside the glove box, opens the trunk. Release works with ignition on or up to ten minutes after you turn ignition off (or until a door is opened).

**Prefocused Rear Seat Reading Lamps.** For added convenience.

**Retained Accessory Power.** This Cadillac touch allows you to operate the power windows or the remote trunk lid release for up to ten minutes after you turn off the ignition or until a door is opened. It's part of the Cadillac-exclusive Body Computer Module, a precise digital control system which enhances the function of many body-related passenger convenience features.

**Fuel Data Center with Digital Fuel Gauge.** To help monitor your driving efficiency, the Fuel Data Center displays your instantaneous mpg, average mpg, estimated driving range and even how much fuel you've used (with 4.1 Liter V8 DFI Gasoline Engine only).

**Diesel Data Center with Digital Fuel Gauge.** With a "WAIT TO START" indicator light and a "WATER IN FUEL" warning light (with 4.3 Liter V6 Diesel Engine only).

#### As Well As:

#### APPEARANCE AND PROTECTION

**Formal Cabriolet Roof Treatment.** Made of fine Tuxedo Grain vinyl, this Cabriolet roof treatment has narrow textured lace moldings around the roof periphery, the closed-in limousine-style rear window and rear side windows. Standard on Fleetwood Coupe; available on Fleetwood Sedan.

**Wire Wheel Discs.** For a distinctive touch.

**Opera Lamps.** Electroluminescent opera lamps give an added touch of Fleetwood elegance.

**Special Fleetwood Seat Trim Design.** Tucked seating areas in rich Heather and Wheaton cloths instantly communicate the status of this Cadillac.

**Accent Striping.** For Side and Deck Lid.

**Center High-Mounted Stop Lamp.** Mounted at the center of the rear shelf inside the rear window, this new Cadillac feature provides additional indication of vehicle braking. Its high center-mounted location facilitates visibility to drivers following behind, thereby giving early warning of braking occurring ahead.

Standard Wire Wheel Disc.

#### Cadillac's 4-Year/50,000-Mile Limited Warranty.

The 1985 Fleetwood is backed by Cadillac's special limited warranty. In some cases, a deductible applies. See your dealer for details.

**Clear Acrylic.** For a deep, rich luster.

**Door-into-Roof Design.** For quality fit, custom tailored appearance, reduced wind noise and vehicle wind resistance, and ease of entry and exit for driver and passengers.

**Anti-Corrosion Treatments.** In all, over 100 areas are specially treated.

**Two-Tier Design Instrument Panel.** Graphics are "backlit" for a high-contrast, glare-free appearance to ease readability.

#### APPEARANCE AND PROTECTION

- Bumper Guards—Front
- Bumper Rub Strip—Front and Rear
- Door Panels, Single Piece Inner and Outer
- Door Sill Plates
- Floor Carpet

Power Recliner

## AVAILABLE FEATURES

### COMFORT AND CONVENIENCE

**Memory Seat.** This Cadillac option remembers two preset driver's seat positions. Just push a button and the seat automatically assumes the position of your choice. There's also the added convenience of an "exit" button which moves the seat all the way back and down for easier exit.

**New Automatic Day/Night Inside Rearview Mirror.** This mirror electronically detects glare from following headlights and automatically adjusts the mirror to the non-glare mode.

**New Electrically Powered Astroroof.** This glass panel can either be retracted or tilted up. (Astro-roof reduces headroom slightly.)

**General Motors Acceptance Corporation (GMAC) Financing.** Arranged in the showroom.

**Automatic Door Locks.** Shifting the transmission into any gear automatically locks all doors. Put the transmission into park and the doors automatically unlock.

**Dimming Sentinel.** Automatically dims high-beam headlights with approach of oncoming cars, then returns headlights to high-beam operation. The system is controlled by a sensor mounted on the base of the inside rearview mirror. (Requires available controlled cycle wiper system and tilt and telescope steering wheel.)

**Trunk Lid Power Pull-Down.** This available quiet pull-down feature, once engaged, automatically pulls trunk lid down and locks it into place.

**Illuminated Entry System.** Pushing either front door handle button illuminates keyhole and turns on inside courtesy lights to ease entry.

**Twilight Sentinel.** This popular Cadillac convenience automatically turns headlights on and off in response to outside light conditions. It also includes an adjustable time delay feature to light your way as you leave your Cadillac.

### As Well As:

- Controlled Cycle Wiper System—(Requires Available Tilt and Telescope Steering Wheel)
- Cruise Control
- Defogger Rear Window—Includes Heated Outside Rearview Mirrors
- Garage Door Opener
- Leasing Arrangements—Ask your participating Cadillac dealer for details
- Mirrors, Electrically Powered Outside Rearview—(Available in Chrome or Car Color)
- Recliner, Power—Driver Seat
- Recliner, Power—Front Passenger Seat
- Seat Adjuster—Six-Way Power (Front Passenger's Side)
- Steering Wheel, Tilt and Telescope—(Requires Available Controlled Cycle Wiper System)
- Trumpet Horn
- Visor Vanity Mirrors, Illuminated—Driver and Passenger

### SOUND SYSTEMS

- Antenna, Tri-Band.** Standard with Universal Citizens Band Transceiver. Available with standard 2000 Series Receiver or available 2000 Series Receiver with Cassette Tape Player.
- Delco-GM/Bose Symphony Sound System.** Customized to the exact dimensions and acoustical characteristics of your Cadillac. Includes integral Cassette Tape Player.
- Delco-GM 2000 Series Electronically Tuned Receiver with Cassette Tape Player.**
- Universal Citizens Band Transceiver.** Available with standard 2000 Series Receiver or available 2000 Series Receiver with Cassette Tape Player.

### APPEARANCE AND PROTECTION

**Formal Cabriolet Roof Treatment.** This Tuxedo Grain vinyl Cabriolet roof treatment has narrow textured lace moldings around the roof periphery, the closed-in limousine-style rear window and rear side windows. Available on Fleetwood Sedan, standard on Fleetwood Coupe.

Specifications as of 7-1-84

# 1985 FLEETWOOD 75 LIMOUSINE

Flagship of the fleet. Car of the stars. Ambassador on wheels. And in 1985, an all-new Limousine which incorporates all the technology of the most advanced Cadillac ever—front-wheel drive, a transverse-mounted 4.1 liter V8 DFI Engine, independent four-wheel suspension and more. While retaining the same eight-passenger seating capacity as its predecessor. This new generation

of limousine is built to exacting Cadillac specifications to help assure Cadillac quality. It all comes together to offer new levels of luxury and performance along with the ever-present, incomparable Cadillac level of prestige and privacy. Fleetwood Seventy Five Limousine shown here in Sable Black with new matching Formal Cabriolet vinyl roof and new aluminum alloy wheels.

# STANDARD/AVAILABLE FEATURES

# 1985 FLEETWOOD 75 LIMOUSINE

This eight-passenger Cadillac Limousine speaks for itself while speaking highly of you. With convenient new standard features including a power-operated rear door unlatch feature—to assist rear passenger exit, a redesigned rear Electronic

Control Panel with outside temperature digital display, automatic door locks and 45/55 Dual Comfort Front Seats (three passenger). Plus available features such as new rear controls for the available Electronically Tuned AM/FM Stereo

Receiver with Cassette Tape Player. Interior shown here in Black Heather knit cloth, one of three colors. Or choose the new Sierra Grain leather seating areas available in the same rich colors, Black, Dark Blue, Gray.

## SELECTED STANDARD FEATURES

### COMFORT AND CONVENIENCE

**New Rear Door Unlatch Button.** New power rear door unlatch push buttons are located in each rear control panel. Each push button controls one rear door so that rear passengers can exit conveniently.

**New Rear Electronic Climate Control Panel.** The Electronic Climate Control has additional push buttons close to rear passengers that set the interior temperature display as precisely as one degree. Plus a push button that lets rear passengers display the outside temperature.

**Retained Accessory Power.** This Cadillac touch allows you to operate the power windows or the available remote trunk lid release for up to ten minutes after you turn off the ignition or until a door is opened. It's part of the Cadillac-exclusive Body Computer Module, a precise digital control system which enhances the function of many body-related passenger convenience features.

**Fuel Data Center with Digital Fuel Gauge.** To help monitor your driving efficiency, the Fuel Data Center displays your instantaneous mpg, average mpg, estimated driving range and even how much fuel you've used.

**Dual Comfort 45/55 Front Seats (Three Passenger).** Allow driver and right front passenger to adjust seats for maximum comfort.

**Six-Way Power Seat Adjuster on Driver's Side.** Adjusts seat forward and backward, up, down and tilts forward or backward.

**Auxiliary Seats (Two Passenger).** Also fold down to serve as foot rests for rear seat passengers.

### SOUND SYSTEM

#### Antenna—Power

**Radio.** 2000 Series AM/FM Stereo Signal Seeking and Scanner with Digital Display (Electronically Tuned Receiver).

### APPEARANCE AND PROTECTION

**Center High-Mounted Stop Lamp.** Mounted at the center of the rear shelf inside the rear window, this new Cadillac feature provides additional indication of vehicle braking. Its high-center-mounted location facilitates visibility to drivers following behind, thereby giving early warning of braking occurring ahead.

**Clear Acrylic.** Two final coats of clear acrylic bring about a deep, rich luster.

**Door-Into-Roof Design.** Creates a quality fit and a custom-tailored appearance while reducing wind noise and vehicle wind resistance and easing entry and exit for driver and passengers.

### ENGINE/CHASSIS

**Front-Wheel Drive.** Because the engine's weight is positioned over the wheels that drive the car, front-wheel drive provides impressive traction in adverse weather.

**4.1 Liter V8 DFI Gasoline Engine.** Combines Digital Fuel Injection with a transverse-mounted V8 engine. Please see page 54 for details.

**Independent Four-Wheel Suspension.** Each wheel reacts independently to road variations for a smooth and confident Cadillac ride. The rear suspension design also contributes to rear seat roominess and usable trunk space.

**Electronic Level Control.** Automatically adjusts to changing loads—for additional passengers or for added luggage weight—to help keep the car level.

**Four-Speed Automatic Transmission with Overdrive and Viscous Converter Clutch.** The overdrive fourth gear reduces engine rpm approximately one-third for quieter cruising. The Cadillac exclusive Viscous Converter Clutch contributes to silky drivetrain feel. (Please see page 54 for details.)

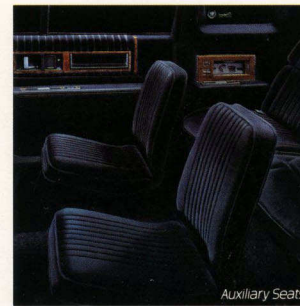

## SELECTED AVAILABLE FEATURES

### COMFORT AND CONVENIENCE

#### New Automatic Day/Night Inside Rearview

**Mirror.** This mirror electronically detects glare from following headlamps and automatically adjusts rearview mirror to the non-glare mode. When glare subsides, the mirror returns to the normal viewing mode after a short time delay. The illuminated distance dial allows a full range of adjustments to match the mirror to your eye sensitivity.

**Dimming Sentinel.** Automatically dims high-beam headlights with approach of oncoming cars, then returns headlights to high-beam operation. The system is operated by a sensor mounted on the base of the inside rearview mirror.

(Requires optional controlled cycle wiper system and tilt and telescope steering wheel.)

### SOUND SYSTEM

**New Rear Controls for Radio/Cassette Tape Player.** The right rear control panel includes the radio controls for the available remote control AM/FM Stereo Radio (Electronically Tuned Receiver) with Cassette Tape Player, putting a special operating convenience at the fingertips of rear passengers. The controls include on/off/volume knob (with a power-on indicator), a right-left balance control knob, a frequency scan control as well as a Cassette Tape Player control.

### APPEARANCE AND PROTECTION

**Theft-Deterrent System.** Window decals announce that this protective feature is helping safeguard your Cadillac 24 hours a day. Automatically activated if the integrity of the doors is violated. A driver's seat presence switch provides an added measure of security against unauthorized use.

Ask your Cadillac sales representative for additional standard and available features.

## SPECIFICATIONS

### 1985 FLEETWOOD SEVENTY FIVE LIMOUSINE

Specifications as of 7-1-84

# I 9 8 5 E L D O R A D O

Cadillac Eldorado. You know the name. And all it stands for. Distinctive styling. Classic sportiness. Renowned luxury. Advanced engineering. And something even more. Something that goes well beyond the ordinary. That Eldorado feeling. The feeling you get when you love to drive. Eldorado for 1985. Shown in available Corinthian Blue Firemist.

The unquestionable luxury of Eldorado is well represented throughout its 1985 interior. From the individualized comfort of 45/50 Dual Comfort Front Seats (three passenger) to the convenience of its numerous power assists.

This is a car that pampers you with Electronic Climate Control and makes getting there feel that much better. Shown here in distinctive Dark Blue available leather seating areas, one of nine colors offered.

ELDORADO BIARRITZ—Elegance abounds in Eldorado Biarritz for 1985. Its brushed stainless steel roof cap and Cabriolet vinyl top subtly hint at the style and comfort you'll find within. And once there, its genuine leather seating areas and special seat trim reward your good taste with comfort befitting the Biarritz name. Eldorado Biarritz is shown in Burlwood Brown.

#### ELDORADO BIARRITZ CONVERTIBLE

No doubt about it. This Cadillac convertible brings luxury out in the open.

Even at a distance its sporty good looks beckon you closer. And once inside, it surrounds you with those extra Eldorado Biarritz touches, including genuine leather seating areas.

The Eldorado Biarritz Convertible is shown here in available Autumn Maple Firemist with Dark Carmine leather seating areas and with matching boot. The convertible top, not shown, is White.

#### ELDORADO TOURING COUPE

If you love the challenge of the open road, look no further. This is your Eldorado.

It begins with a touring suspension that's aggressive, yet refined. Its styling is sporty, yet sophisticated. And its interior is just what you'd expect—undeniably comfortable, with leather-faced front bucket seats (two passenger) endowed with just the right amount of lumbar and lateral support.

The Eldorado Touring Coupe for 1985. Now offered in Bordeaux Red, as shown, or Sable Black. Both exterior colors come with the Sandalwood leather seating areas shown.

# STANDARD FEATURES

1 9 8 5 E L D O R A D O

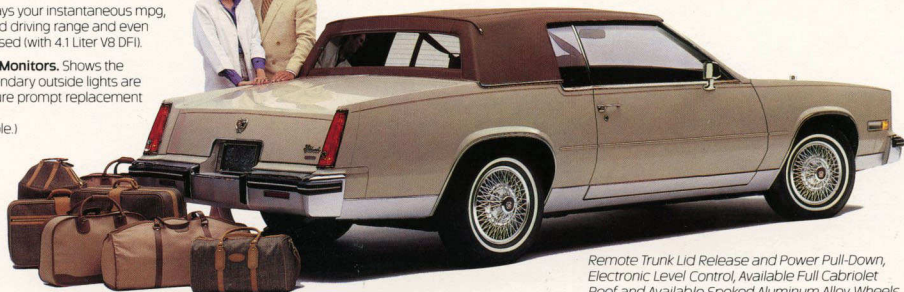

New Standard Moselle/Empress Cloth Seating

## COMFORT AND CONVENIENCE

**Electronic Climate Control with Outside Temperature Digital Display.** Change interior temperature setting as precisely as one degree with a mere touch of a button. Push another button and this computer-controlled system tells you the outside temperature.

**Fuel Data Panel.** Displays your instantaneous mpg, average mpg, estimated driving range and even how much fuel you've used (with 4.1 Liter V8 DFI).

**Front and Rear Lamp Monitors.** Shows the driver if major and secondary outside lights are functioning to help assure prompt replacement when necessary. (Front only on Convertible.)

Remote Trunk Lid Release and Power Pull-Down, Electronic Level Control, Available Full Cabriolet Roof and Available Spoked Aluminum Alloy Wheels

**Dual Comfort 45/50 Front Seats (Three Passenger).** Allow driver and right front passenger to adjust seats for maximum comfort.

**Trunk Lid Release and Power Pull-Down.** With ignition on, a light touch of trunk lock release button located inside the glove box opens the trunk. Also includes a quiet pull-down feature which, once engaged, automatically pulls trunk lid down and locks it into place.

S E V I L L E

Here is Cadillac Seville—a first-class luxury car that's as distinctive as you are. Quality craftsmanship molds its separate parts into a superb whole.

Seville is an elegant sweep of unmatched styling. Plus outstanding technology to serve your every driving command. Seville. Shown here in Cotillion White. Who says you can't have it all?

The Cadillac Seville interior communicates its first-class ambiance in a way that you immediately recognize. From the tufted multi-buttoned seat trim design to the four-door spaciousness.

The many standard conveniences and controls are at your fingertips. You can have this comfort in white leather seating areas, shown here, one of nine colors of supple available leather. Or choose from four colors of Heather cloth.

## 1985 SEVILLE ELEGANTE

You may be one of those who won't settle for anything less than the very finest. Among Sevilles, that is the creation shown here: Seville Elegante.

You may select distinctive two-tone paint treatments or single-color treatments. Classic wire wheel discs complete the exterior.

The Elegante interior offers additional luxury for driver and front

passenger with 40/40 Dual Comfort Front Seats (two passenger). As the driver, savor the richness of a leather-trimmed steering wheel. The front passenger's seat, like the driver's, has a six-way power adjuster, plus the added comfort of a power passenger seatback recliner.

Also setting the Elegante apart are

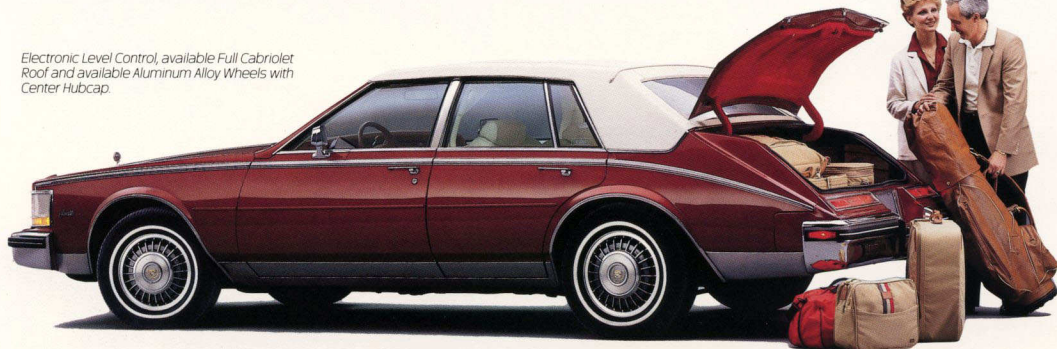

its specially tucked leather seating areas, the leather-topped front console along with the deluxe Tampico carpeting and floor mats. Interior shown here in Dark Blue, one of three colors offered. Very definitely, this luxury car says you can have it all.

Seville Elegante, at left, shown in Corinthian Blue Firemist and Commodore Blue.

Electronic Level Control, available Full Cabriolet Roof and available Aluminum Alloy Wheels with Center Hubcap.

## COMFORT AND CONVENIENCE

**Electronic Climate Control With Outside Temperature Digital Display.** Change interior temperature setting as precisely as one degree with a mere touch of a button. Push another button and this computer-controlled system tells you the outside temperature.

**Gold Key Delivery System.** This Cadillac exclusive is designed to give you the extra deferential treatment which you expect and deserve as a Cadillac owner. Please see page 56 for details.

**Dual Comfort 45/50 Front Seats (Three Passenger).** Allow driver and right front passenger to adjust seats for maximum comfort. Also includes manual passenger front seatback recliner.

**Controlled Cycle Wipers with Fluidic Windshield Washer System.** Delay feature allows adjustment of wiping action for light rain or other conditions. Fluidic Windshield Washer System has oscillating spray action for thorough coverage.

Seville Standard Wheel Disc.

Seville Elegante Standard Wire Wheel Disc.

**Trunk Lid Release and Power Pull-Down.** With ignition on, a light touch of trunk lock release button located inside the glove box opens the trunk. Also includes a quiet pull-down feature which, once engaged, automatically pulls trunk lid down and locks it into place.

### As Well As:

- Armrest, Center—Front and Rear
- Armrest, Doors—Front and Rear
- Ash Receivers—Two Front and One on Each Rear Door Armrest

- Moldings—Including Body Side (Car Color), Rocker Panel (Wide), Wheel Opening
- Roof, Metal, Painted
- Wheel Discs
- Wealth and Crest Ornamentation

## ENGINE/CHASSIS

**Front-Wheel Drive.** Because the engine's weight is positioned over the wheels that drive the car, front-wheel drive provides impressive traction in adverse weather.

**4.1 Liter V8 DFI Gasoline Engine.** Combines Digital Fuel Injection and Automatic Overdrive with a smooth V8 engine. Please see page 54 for details.

**5.7 Liter V8 Diesel Engine.** Cadillac offers a Diesel V8. The imports don't. The advantages of the V-type engine are its balance and smoothness. The Diesel is a no-charge option. Please see page 54 for details. (Not available in California.)

**Independent Four-Wheel Suspension.** Each wheel reacts independently to road variations for a smooth and confident Cadillac ride.

**Four-Wheel Disc Brakes.** Automatically self-adjust with every application.

**Electronic Level Control.** Automatically adjusts to changing loads—for additional passengers or for added luggage weight—to help keep the car level.

Standard Seville interior trimmed in luxurious Heather cloth.

**Steel-Belted All-Seasons Radial Whitewall Tires.** New for 1985, the all-seasons tread design offers improved wet braking performance and snow traction.

### As Well As:

- Battery—Delco-GM Freedom® II
- Generator, 80 Amp
- High-Energy Ignition
- Parking Brake Release, Automatic
- Spare Tire, Compact High-Pressure Type
- Spare Tire Cover
- Steering, Power
- Transmission, Automatic—Four-Speed (Includes Overdrive and Torque Converter Clutch) (Please see page 54 for details.)
- Wheel Balance, Dynamic
- Wheels and Tires—Computer Match-Mounted for rolling smoothness

## ADDITIONAL STANDARD FEATURES ON THE SEVILLE ELEGANTE

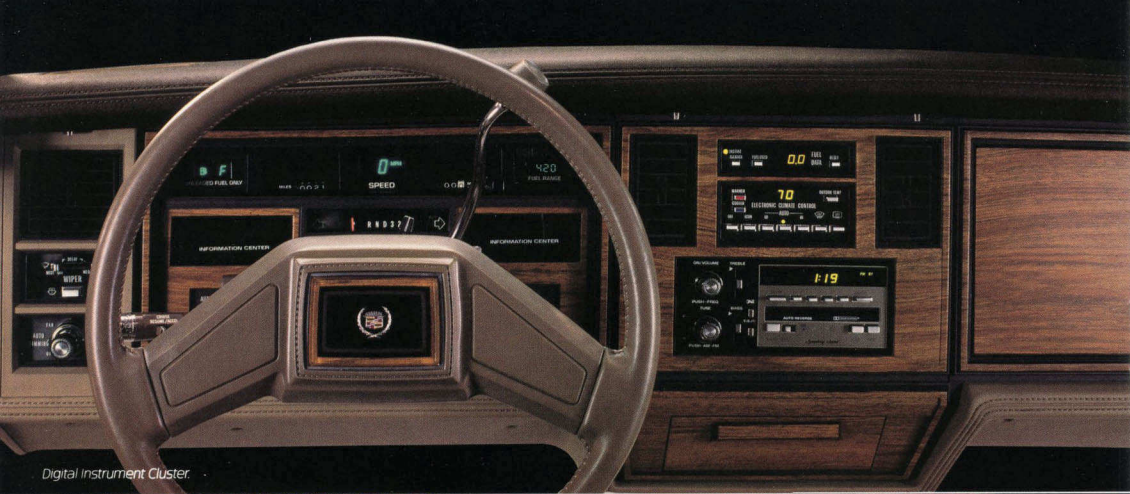

### COMFORT AND CONVENIENCE

- Console, Front Compartment
- Recliner, Power—Front Passenger Seat
- Seat Adjuster—Six-Way Power (Front Passenger Seat)

Aluminum Alloy Wheel with Center Hubcap.

Wire Wheel Disc (Standard on Seville Elegante)

# SEVILLE

## AVAILABLE FEATURES

### COMFORT AND CONVENIENCE

**New Automatic Day/Night Inside Rearview Mirror:** This mirror electronically detects glare from following headlamps and automatically adjusts the mirror to the non-glare mode. When glare subsides, the mirror returns to the normal viewing mode after a short time delay. The illuminated distance dial allows a full range of adjustments to match the mirror to your eye sensitivity.

### As Well As:

- Astrorof—Electrically Powered with adjustable sunshade (Astrorof reduces headroom slightly).
- Cruise Control
- Defogger, Rear Window—Includes Heated Outside Rearview Mirrors
- Door Locks, Automatic
- Garage Door Opener
- General Motors Acceptance Corporation (GMAC) Financing

- Headlamp Control, Guidematic
- Illuminated Entry System
- Leasing Arrangements—Ask your participating Cadillac dealer for details
- Memory Seat
- Mirrors, Electrically Powered, Outside Rearview (Chrome)
- Recliner, Power—Driver Seat
- Recliner, Power—Front Passenger Seat (Standard on Seville Elegante)
- Seat Adjuster—Six-Way Power—Front Passenger—Dual Comfort Seat (Standard on Seville Elegante)
- Steering Wheel, Tilt and Telescope
- Twilight Sentinel
- Visor Vanity Mirrors, Illuminated—Driver and Passenger

### SOUND SYSTEMS

**Antenna, Tri-Band.** Standard with Universal Citizens Band Transceiver. Available with standard 2000 Series AM/FM Receiver or available 2000 Series Receiver with Cassette Tape Player.

**Delco-GM/Bose Symphony Sound System.** Combines one of Delco-GM's most sophisticated Electronically Tuned Receivers with Bose's patented Direct/Reflected sound reproduction design. Includes: Integral Cassette Tape Player • Dynamic Noise Reduction™ (DNR) • Dolby® Tape Noise Reduction • Tape Equalization Switch • Automatic Reception Adjustment • Full-Time Loudness Control (Bass Boost) • Treble and Bass Reduction Controls • Digital Display of Frequency and Time • Signal Seeking and Scanning • Auto Reverse • Helical Voice Coil Speakers • Patented "Digital Mode" Amplifiers • Dynamic Distortion Limiting • "Search and Replay" Cassette Feature • Lighted Tape Side Indicators

**Delco-GM 2000 Series Electronically Tuned Receiver with Cassette Tape Player.** Includes: Five-Band Graphic Equalizer which replaces treble and bass slide controls • Separate On/Off Power Switch • Loudness Control (Bass Boost) • Dynamic

Noise Reduction™ (DNR) Control • Automatic Reverse Cassette Tape Player • Lighted Tape Direction Indicators • Tape Equalization Switch • Locking Fast Forward and Reverse Buttons.

**Universal Citizens Band Transceiver.** To be used with standard 2000 Series AM/FM Receiver or available 2000 Series Cassette Tape Player. Includes: 40-Channel CB Transceiver • Microphone • Tri-Band Antenna • CB Controls on Microphone • CB Audio Output through front speakers only.

### APPEARANCE AND PROTECTION

**Full Cabriolet Roof.** The simulated convertible roof design appears authentic in virtually every detail. Available in Black, Dark Blue, Dark Brown and White. (Not Available on Seville Elegante.)

### As Well As:

- Door Edge Guards
- Floor Mat—Carpeted Rubber, Front and/or Rear (Deluxe Tampico Carpeted Mats Standard on Seville Elegante)
- Front License Plate Mounting Provisions—(No Charge)
- Fuel Filler Door, Remote Locking
- GM Protection Plan. Additional service protection beyond that provided by GM's limited new vehicle warranty. U.S. and Canada only. See your Cadillac dealer for details.
- Instrument Cluster, Digital
- Leather Seating Areas—(Standard on Seville Elegante)
- Paint, Firemist
- Paint, Two-Tone—(Standard on Seville Elegante)
- Steering Wheel Rim, Leather-Trimmed—(Standard on Seville Elegante)
- Theft-Deterrent System
- Trunk Mat, Color-Coordinated Nylon Fiber
- Wheel Discs, Wire (Standard on Seville Elegante)
- Wheels, Aluminum Alloy with Center Hubcap
- Wheels, Spoked Aluminum Alloy

### ENGINE/CHASSIS

**Touring Suspension.** This specially tuned Touring Suspension offers a firm feel of the road with impressive cornering ability and steering precision. Includes large P225/70R15 steel-belted radial tires\* and adjusted power steering valving.

### As Well As:

- Battery, Heavy-Duty—Delco-GM Freedom® III (Not available on Diesel)
- Engine Block Heater (Standard on Diesel)
- Generator, 100 Amp
- Tires, Puncture Sealing—(Not available with Touring Suspension)

\*CAUTION: For Use with Tire Chains, See Owner's Manual.

# 1985 FLEETWOOD BROUHAM

For all the reasons you've always owned a Cadillac. The Cadillac name and the quality inherent in it. The classic Cadillac look and appeal. The renowned Cadillac room and comfort. Plus so much more you have come to expect.

We have not forgotten what the Fleetwood Brougham tradition means to you. Fleetwood Brougham Sedan shown in Sable Black with standard matching full vinyl roof with a closed-in limousine-style rear window treatment.

There's no mistaking the Fleetwood Brougham touch. The elegant touch of the special seat trim design. The convenient touch of Dual Comfort Front Seats (three passenger). The comforting touch of six-way power seat adjusters for driver and front passenger.

And the enlightened touch of adjustable rear seat reading lamps. The Fleetwood Brougham d'Elegance interior with its tufted pillow-style seating areas, shown here in available Black leather—one of five colors offered. Or choose from three colors of Heather cloth.

Standard Fleetwood Brougham interior in Dark Claret Heather cloth, one of five colors offered. Or choose available Sierra Grain leather seating areas offered in nine colors.

## FLEETWOOD BROUGHAM COUPE.

An elegant two-door classic in the Fleetwood Brougham tradition with a style all its own. Including the distinctive Cabriolet roof treatment with closed-in limousine-style rear window and "privacy-size" quarter windows. Shown here in Cotillion White with matching Cabriolet vinyl roof and available wire wheel discs.

## COMFORT AND CONVENIENCE

**Controlled Cycle Wipers with Fluidic Windshield Washer System.** Delay feature allows adjustment of wiping action for light rain or other conditions. Fluidic Windshield Washer System has oscillating spray action for thorough coverage.

**Illuminated Entry System.** Pushing either front door handle button illuminates keyhole and turns on inside courtesy lights for ease of entry.

**Dual Comfort 55/45 Front Seats (Three Passenger).** Allow driver and right front passenger to adjust seats for maximum comfort. Includes manual passenger front seatback recliner.

**Trunk Lid Release and Power Pull-Down.** With ignition on, a light touch of trunk lock release button located inside the glove box opens the trunk. Also includes a quiet pull-down feature which, once engaged, automatically pulls trunk lid down and locks it into place.

## As Well As:

- Armrest, Center—Front and Rear
- Armrest, Doors—Front and Rear (Standard on Fleetwood Brougham Sedan)
- Armrest, Front Doors and Rear Quarters (Standard on Fleetwood Brougham Coupe)
- Ash Receivers—Two Front and Two Rear
- Assist Handles—Front Seatback

(See page 51 for details.)

## AVAILABLE FEATURES

### COMFORT AND CONVENIENCE

**Memory Seat.** This Cadillac option remembers two preset driver's seat positions. Just push a button and the seat automatically assumes the position of your choice.

**New Automatic Day/Night Inside Rearview Mirror.** This mirror electronically detects glare from following headlamps and automatically adjusts the rearview mirror to the non-glare mode. When glare subsides, the mirror returns to the normal viewing mode after a short time delay. The illuminated distance dial allows a full range of adjustments to match the mirror to your eye sensitivity.

**Twilight Sentinel.** This popular Cadillac convenience automatically turns headlights on and off in response to outside lighting conditions. It also includes an adjustable time delay feature to light your way as you leave your Cadillac.

**Electrically Powered Astrorooftop.** Add this very personal touch to your Fleetwood Brougham. The retractable glass panel also includes an adjustable sunshade. (Astrorooftop reduces headroom slightly.)

**General Motors Acceptance Corporation (GMAC) Financing.** Your Cadillac dealer can arrange convenient GMAC financing right in the showroom. You'll get prompt, efficient service, terms to fit your budget and rates that make good sense. Best of all, you get all these benefits without having to go out of your way.

**Automatic Door Locks.** Shifting the transmission into any forward gear automatically locks all the doors of your Cadillac. Put the transmission into park and the doors automatically unlock.

**Guidematic Headlamp Control.** Automatically dims high-beam headlights with approach of oncoming cars. Then returns headlights to high-beam operation.

### As Well As:

- Defogger, Rear Window—Includes Heated Outside Rearview Mirrors
- Garage Door Opener
- Leasing Arrangements—Ask your participating Cadillac dealer for details
- Mirrors, Electrically Powered, Outside Rearview
- Recliner, Power—Driver Seat
- Recliner, Power—Front Passenger Seatback
- Steering Wheel, Tilt and Telescope
- Visor Vanity Mirrors, Illuminated—Driver and Passenger

### SOUND SYSTEM

**Antenna, Tri-Band.** Standard with available 2700 Series Cassette Tape Player and Citizens Band Transceiver.

**Delco-GM 2700 Series Electronically Tuned Receiver with Cassette Tape Player.**

**Delco-GM 2700 Series Electronically Tuned Receiver with Cassette Tape Player and Citizens Band Transceiver.**

### APPEARANCE AND PROTECTION

**Remote Unlocking Fuel Filler Door.** Locking or unlocking car doors also automatically locks or unlocks fuel filler door.

**Theft-Deterrent System.** Window decals announce that this protective feature is helping safeguard your Cadillac 24 hours a day. Automatically activated if the integrity of the doors is violated. A driver's seat presence switch provides an added measure of security against unauthorized use.

### As Well As:

- Door Edge Guards
- Floor Mats, Carpeted Rubber, Front and/or Rear (Deluxe Tampico Carpeted Mats Standard on Fleetwood Brougham d'Elegance)

Specifications as of 7-1-84

4.1 Liter V8 DFI Gasoline Engine.

4.3 Liter V6 Diesel Engine with Fuel Injection.

5.7 Liter V8 Diesel Engine with Fuel Injection.

#### 4.1 Liter V8 Gasoline Engine with Digital Fuel Injection.

This V8 is the standard engine for every Cadillac shown in this catalog. The 4.1 liter V8 Gasoline Engine is tailored for smoothness and quiet operation. In 1985 Cadillacs, new internal refinements enhance the smooth, quiet operation.

New cast aluminum rocker covers, painted black with brushed aluminum styling on raised ribs, are not only attractive, they further contribute to a quiet engine by utilizing rubber-isolated rocker cover fasteners.

The state-of-the-art Digital Fuel Injection (DFI) works to regulate all aspects of engine performance from idle to full-engine-demand operation. Especially helpful at cold temperatures, the DFI promotes fast, easy starts.

The 4.1 Liter V8 DFI engine is transversely mounted in all front-wheel-drive Fleetwoods, De Villes and Fleetwood Seventy Five Limousines. In fact, these Cadillacs have the only transverse-mounted V8 engines offered in any front-wheel-drive production cars in the world. Transverse mounting better utilizes engine compartment space. Much of the room that's saved can be passed along to the passenger compartment for increased comfort.

The 4.1 Liter V8 DFI is longitudinally mounted in Fleetwood Broughams, Eldorados and Sevilles.

#### 4.3 Liter V6 Fuel-Injected Diesel Engine.

This 4.3 Liter V6 Diesel is available at no additional charge for front-wheel-drive Fleetwoods and De Villes, and is transversely mounted. This dependable Diesel gives you the best of both worlds with all the positive characteristics inherent in a Diesel plus surprisingly responsive and smooth performance.

The even-firing design means smooth operation. You move smartly away from stoplights. It is an engine you must experience to appreciate. You may forget it's a Diesel, but you'll never forget it's in a Cadillac.

For 1985 models, a new diesel electronic controller helps improve driveability and emissions. It also helps improve drivetrain feel by more closely

controlling the transmission's torque converter clutch.

#### 5.7 Liter V8 Fuel-Injected Diesel Engine.

This large V8 Diesel is available for Fleetwood Brougham, Eldorado and Seville at no additional charge. It offers the smoothness inherent in V8 design plus the positive attributes that people drive diesels for. Like the V6 Diesel, this V8 Diesel benefits from an in-tank water meter pickup valve that continuously removes water from diesel fuel and moves it to a water separating filter. A water drain hose runs to a removable fuel container conveniently located on the left side of the engine compartment.

Additional refinements for the V8 and V6 Diesels help ensure continued fuel delivery during extremely cold weather. An improved fuel conditioner system includes a standard fuel heater, the fuel water separator mentioned above and an instrument panel "Water in Fuel" indicator light.

A new diesel electronic controller helps improve cold starts and cold engine driveability. It also helps compensate for altitude and helps control emissions.

#### Four-Speed Automatic Transmission With Overdrive.

All Cadillacs shown in this catalog are equipped with four-speed automatic overdrive transmissions. The fourth gear overdrive reduces engine speed about one-third at highway speeds for a quieter ride.

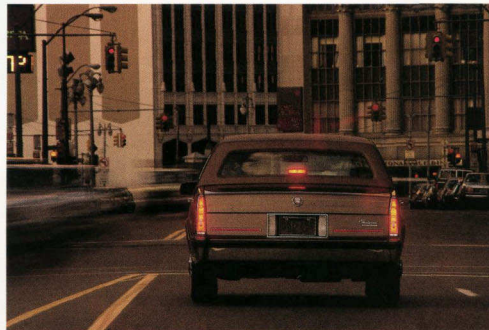

In front-wheel-drive Fleetwoods, De Villes and Fleetwood Seventy Five Limousines, both engine and transmission are transversely mounted to more efficiently utilize engine compartment space. This space savings is passed along to the interior compartment for improved passenger comfort.

The transmission with the 4.1 Liter V8 front-wheel-drive Fleetwoods, De Villes and Fleetwood Seventy Five Limousines includes an exclusive viscous converter clutch for a silky drivetrain feel. Transmissions with the 4.3 Liter V6 Diesel and in all Fleetwood Broughams, Eldorados and Sevilles feature a torque converter clutch.

#### ENGINE AVAILABILITY FOR 1985 CADILLACS

ENGINE	ORDER CODE	AVAILABILITY BY MODEL			
		FRONT-WHEEL-DRIVE FLEETWOOD, DE VILLE	FRONT-WHEEL-DRIVE FLEETWOOD SEVENTY FIVE LIMOUSINE	REAR-WHEEL-DRIVE FLEETWOOD BROUGHAM	FRONT-WHEEL-DRIVE ELDORADO, SEVILLE

(A) Produced by GM-Cadillac Motor Car Division (B) Produced by GM-Oldsmobile Division  
 \* Not Available in California \*\* Not Available for Eldorado Biarritz Convertible or Eldorado Touring Coupe  
 A WORD ABOUT ENGINES: Cadillacs are equipped with engines produced at facilities operated by GM car groups, subsidiaries or affiliated companies worldwide.

The quest for Cadillac quality never stops. For 1985, that quest has led to the largest offering of safety features in Cadillac history. Including a center high-mounted stop lamp on all front-wheel-drive De Villes, Fleetwoods and Fleetwood Seventy Five Limousines. And the "Inner Shield" windshield on Seville Elegante.

For your convenience, we have grouped the safety features into four categories: OCCUPANT PROTECTION, ACCIDENT AVOIDANCE, ANTI-THEFT and AVAILABLE ANTI-THEFT FEATURE.

#### OCCUPANT PROTECTION

- Manual lap/shoulder belts for driver and right front passenger (driver side includes visual and audible warning system). Manual lap belt at center position, when applicable.
- Manual lap belts at every rear seat position.
- Energy-absorbing steering column.
- Passenger-guard inside door lock handles.
- Safety interlocking door latches.
- Safety strength seat attachments.
- Inertia-locking folding front seatback latches (Coupes only).
- Inner Shield windshield (Seville Elegante only).
- Energy-absorbing instrument panel and front seatback tops.
- Laminated safety windshield glass and tempered safety side and rear window glass.
- Safety armrests.
- Front seat head restraint for driver and right front passenger (adjustable).
- Pressure lock radiator cap.

#### ACCIDENT AVOIDANCE

- Center High-Mounted Stop Lamp (front-wheel-drive De Villes, Fleetwoods, and Fleetwood Seventy Five Limousines only).
- Side marker lights and reflectors.
- Parking lamps that illuminate with headlamps.
- Four-way hazard warning flasher.
- Backup lights.
- Directional signal control and lane change feature.
- Windshield defrosters, washer and either dual-speed wipers or controlled-cycle wiper system.
- Inside rearview mirror with vinyl-bonded glass.
- Outside left and right rearview mirrors.
- Brake system with dual master cylinder and warning light.
- Starter safety switch.
- Dual action hood latch system.
- Low-glare finish on instrument panel top, inside windshield moldings, wheel arms and blades, and metallic steering wheel surfaces.
- Safety road wheel rims.
- Self-adjusting brakes.
- Illuminated heater and defroster controls.
- Illuminated windshield wiper and washer controls.
- Audible brake lining wear indicators, all disc brakes.
- Pressure relief fuel cap.
- Tires with built-in tread-wear indicators.

- #### ANTI-THEFT
- Audible reminder for ignition key removal.
  - Anti-theft steering column lock.
  - Remote inside hood release.
  - Anti-theft key system (one key for ignition only, second key for doors, trunk and glove compartment).
  - Visible vehicle identification number.

#### AVAILABLE ANTI-THEFT FEATURE

- Theft-Deterrent System. (Standard on Eldorado Biarritz Convertible.)

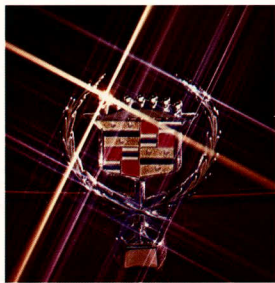

Let's Get It Together... Buckle Up.

Every new 1985 Cadillac delivered by a Cadillac dealer in the United States comes with a one year, \$10,000 seat belt insurance certificate from MIC General Insurance Corporation at no additional charge. \$10,000 will be paid to the estate of any occupant who suffers fatal injuries as a result of an accident involving that vehicle while wearing a GM seat belt. Buckle up every time you drive.

## WHAT MAKES A CADILLAC A CADILLAC

**WHAT MAKES A CADILLAC A CADILLAC**  
It can be summed up in a single word: quality. For over 80 years, the Cadillac name has stood for

quality in its many forms. Innovative engineering. Exacting craftsmanship. Solid comfort. Classic styling. Personal convenience. Reassuring dependability. Lasting value. The Cadillac name has become a synonym for integrity. At the same time, the Cadillac wreath and crest have become a symbol of quality the world over.

**In 1985, the Cadillac Legacy of Quality Continues.** It's there in the unprecedented commitment to advanced production and design techniques. It's in the superb fit and finish that you expect from Cadillac. And it's in Cadillac's commitment to keep you coming back—Cadillac after Cadillac.

**Those Cadillac Touches.** Soon after you become a Cadillac owner, you'll wonder how you ever managed without all those quality touches. Such as an electronic climate control system so precise that you can adjust the temperature setting to a single degree. A plush six-way power driver seat that conforms to you—not vice versa. Down to

thoughtful reminder chimes that politely remind you get it together and buckle up.

**Quality that Endures.** Every 1985 Cadillac has extensive anti-corrosion treatments with over 100 areas per vehicle especially treated. An example: even the bumpers on Seville, Eldorado and Fleetwood Brougham are triple-plated with three types of metal—copper, nickel and chrome—to help protect against corrosion.

**Cadillac's Complete Customer Satisfaction System.** We have also begun a step-by-step service excellence system with complete customer satisfaction as our goal. And we're now certifying participating Cadillac dealers nationwide.

**The Toughest Quality Test of All.** Perhaps the strongest testimony of Cadillac quality is Cadillac success. Every year for 36 consecutive years more Americans have chosen to own Cadillac than any other luxury car. That's a legacy we intend to continue.

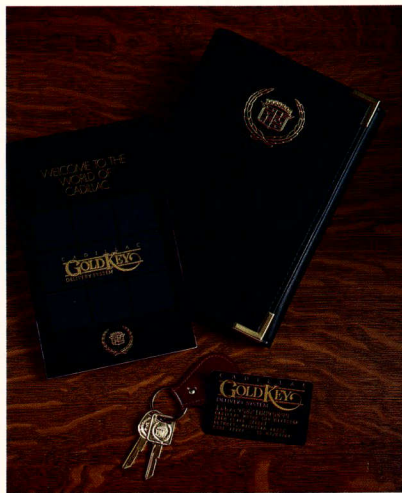

## GOLD KEY DELIVERY SYSTEM

Cadillac began the whole idea of nationwide automotive service back in 1926. It is only fitting, then, that today Cadillac has inaugurated the most comprehensive delivery system in our history. The Gold Key Delivery System—a system of extra deferential treatment which you expect as a Cadillac owner.

Cadillac's Gold Key Delivery System begins with a thorough inspection of your vehicle—but that's not all. You also receive an orientation drive with your sales representative. A thorough explanation of your new Cadillac. An audio cassette of important information (factory-installed cassette player optional). And a full tank of fuel. Plus two sets of 23-karat gold-plated keys along with a personalized Gold Key Identification Card.

The Gold Key Card you receive as part of the Gold Key Delivery System provides important owner and vehicle information to help your service advisor schedule routine maintenance quickly and easily. And after you've driven your first thousand miles, you can return to your dealer for a thorough vehicle inspection **at no additional charge.**

Cadillac's Gold Key Delivery System. Just what you'd expect from a luxury leader.

### A WORD ABOUT THIS CATALOG.

We have tried to make this catalog as comprehensive and factual as possible and we hope you find it helpful. However, since the time of printing, some of the information you will find here may have been updated. Also, some of the equipment shown or described throughout this catalog is available at extra cost. Your dealer has details and, before ordering, you should ask him to bring you up to date.

The right is reserved to make changes at any time, without notice, in prices, colors, materials, equipment, specifications and models. Check with your Cadillac dealer for complete information.

### A WORD ABOUT ASSEMBLY, COMPONENTS AND OPTIONAL EQUIPMENT IN THESE CADILLAC PRODUCTS.

The Cadillacs described in this brochure are assembled at facilities of General Motors. These vehicles incorporate thousands of different components produced by various divisions of General Motors and by various suppliers to General Motors. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emissions, safety and fuel economy requirements, or for other reasons, to produce Cadillac products with different components or differently sourced components than initially scheduled. All such components have been approved for use in Cadillac products and will provide the quality performance associated with the Cadillac name.

With respect to extra cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your car is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest that you verify that your car includes the optional equipment you ordered or if there are changes, that they are acceptable to you.

**UPDATED SERVICE INFORMATION.** Cadillac regularly sends its dealers useful service bulletins about Cadillac products.

Cadillac monitors product performance in the field. We then prepare bulletins for servicing our products better.

Now you can get these bulletins, too. Ask your dealer. To get ordering information, call toll-free 1-800-551-4123.

## THE CADILLAC COMMITMENT

We believe that when you buy or lease a Cadillac, you deserve to be treated like a Cadillac owner. And when you take your car in for service, you have the right to expect the type of consideration traditionally reserved for Cadillac owners. We intend to keep that tradition alive.

**BEST OF ALL...IT'S A CADILLAC.**

BEST OF ALL...IT'S A CADILLAC.
