

IT IS PERHAPS THE SMALLEST SPACE KNOWN TO MAN.

THAT RAREFIED SLIVER BETWEEN THE GOOD AND THE TRULY GREAT.

THERE'S NO MAP TO HELP YOU FIND THIS ELUSIVE PLACE. THE ONLY

WAY TO GET THERE IS SIMPLY TO BELIEVE YOU CAN.

At Cadillac, we've set out to create our own uniquely

American breed of extraordinary. It's why we've created our own daring school of design that bends steel way beyond its comfort zone. It's why we've pushed technology two generations ahead by pioneering a bold new way for drivers to intuitively access entertainment and information with the flick of a finger. And why, in everything from safety to performance, we're setting the standard.

BOLD. DARING. ORIGINAL. These are the kinds of luxury vehicles we build. It takes tenacity, a refusal to leave well-enough alone. That is the difference between good and great. That is the difference between just making luxury vehicles, and making Cadillacs.

Cadillac

Where is it written that head-turning presence and formidable performance be restricted only to two-door coupes? The chiseled, angular skin of the XTS was designed not only to turn heads, but also to slice through the wind, helping improve performance and mitigate noise. Its iconic Cadillac grille is available in three dramatic designs. In each case, the shape is integrated into the overall design so seamlessly, the final effect is nothing short of stunning. Of course, its assertive stance and striking vertical rear taillamps make a bold statement, but when you spot the massive front Brembo® brakes lurking behind the spoked alloys, it becomes clear this is

a Cadillac to be reckoned with.

INSPIRING

DESCRIBES MORE THAN THE DRIVE.

A PERFORMANCE THIS IMPRESSIVE

DESERVES LIGHTING TO MATCH.

PUDDLE LAMPS

Subtle lamps located under the outside mirrors cast a light near the entrance of the car as part of the carefully choreographed lighting sequence, so your path is well lit.

easier to locate. Once you are in the vehicle, they

ILLUMINATED SILL PLATES

In the XTS, every detail was considered. For example, upon opening either front door in the Platinum Collection, backlit sill plates are an

AMBIENT INTERIOR LIGHTING

Available ambient lighting complements the LED spotlights under the door pulls in front, in the foot wells and from the overhead console. Casting a soft glow under the wood trim on the dash and front door panels, it adds intrigue to the contemporary design of the cabin.

With the XTS setting the perfect stage for an exhilarating performance, it's fitting the lighting was designed as if it were a contemporary theater. Every piece of illumination was choreographed with a specific task in mind, whether it is to draw your eye to the meticulous details or to add illumination to key areas. Taken individually, each light is impressive in its own right, like the signature Cadillac light pipe technology integrated into the headlamps and taillamps. They form a razor-thin blade that is clearly evident at night—making your vehicle visible and distinctive from any angle. When backing up, there's a lower-mounted reverse lamp to improve your view. Even the available illuminated exterior door handles add a purposeful touch at night.

The intuitive CUE¹ driver interface blends innovative technology with highly intelligent design to create an experience that's as effortless as it is advanced. It easily accesses every contact and song on up to ten Bluetooth®-enabled smartphones.¹ The available 3-D GPS navigation system² has

map-integrated Doppler weather³ reports. CUE also streams Pandora Radio⁴ and lets you preset up to 60 favorites, including points of interest, addresses, phone numbers, and more. With CUE, the customization and content possibilities are not only endless, but right at your fingertips.

30 CUE DETAILS

CUE is as intuitive as it is advanced. Spread your fingers to zoom in closer on a map. Swipe to breeze through your music. Simply speak and let the Natural Voice Recognition help you effortlessly place a phone call or change your music.

Considering that it can even detect your hand as it approaches the vibrant 8-inch LCD touch screen, interacting with CUE couldn't be easier. And when an icon is touched, the screen pulses to acknowledge the command, letting you keep your eyes safely on the road. On select models, you can even configure the gauge cluster to find the layout of information that perfectly suits you. With CUE, the future has arrived, and it's better than you could have possibly imagined.

ONE PART DRIVER INTERFACE, ONE PART ENTERTAINMENT SYSTEM, CUE REIMAGINES THE CONNECTION BETWEEN CAR AND DRIVER.

CONTROL

Seemingly instinctive, CUE uses proximity-sensing technology to detect your hand as it nears the LCD touch screen. Once there, press an icon and the screen pulses to acknowledge your prompt, helping you to stay focused on the road.

Warhol's Theory

CONNECTIVITY

Available 3-D GPS navigation; Doppler-radar weather; Pandora Radio; Bluetooth® connectivity, and more.

IT'S AS DEFENSIVE

AS IT IS DYNAMIC.

CRASH-TEST TECHNOLOGY

Today's new "hyper-tech" dummies record and transmit crash data 10,000 times a second. More than 200 crash-test dummies of all shapes and sizes are wired with sensors that tell safety engineers how much and what kind of forces they endure during crash tests. This helps improve the safety of every Cadillac made.

AUTO-DRY BRAKES

It makes perfect sense—dry brakes stop faster than wet brakes. That's why we designed the XTS so that the available Rainsense wipers and Auto-Dry brakes work together. After the Rainsense wipers are activated, the brake pads are positioned closer to the rotor, sweeping away the moisture and helping to improve braking performance. Visit cadillac.com/autodry for further details.

It starts with a protective safety cage constructed with high-strength steel alloys for exceptional rigidity and strategically placed crumple zones. Then we add preventive safety features like the StabiliTrak Electronic Stability Control System and a sophisticated antilock braking system (ABS) with Electronic Braking Force Distribution that helps balance stopping power between the front and rear brakes. There's also the confidence that comes with ten standard airbags¹ and a complimentary one-year subscription to OnStar² Automatic Crash Response. In a crash, built-in sensors in your vehicle can automatically send an alert to an OnStar Advisor who can contact you in your car.

1. Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and child safety seat instructions for more safety information. 2. Visit onstar.com for details and system limitations. OnStar acts as a link to existing emergency service providers.

3.6L direct-injection engine is standard on every XTS and is renowned for its smooth, refined power. Ignite the newly available 410 HP Twin Turbo V6, and you'll experience an entirely new level of exhilaration. At its heart is a refined turbocharging system that combines Variable Valve Timing

and precise direct-injection to deliver outstanding performance by any measure. Either engine you select is coupled to an advanced Gen-II automatic transmission that delivers crisp, smooth shifts in step with the engine's impressive output. When you call for power, the XTS answers immediately.

NEW TWIN TURBO V6 POWER

A technological masterpiece, twin turbochargers help the 3.6L direct-injection V6 engine deliver a potent 410 HP, setting a new standard in XTS performance.

DRIVER SHIFT CONTROL

The electronically controlled 6-speed automatic transmission incorporates steering wheel-mounted paddle shifters that enable clutchless manual shifting. A quick tap is all that's required for a smooth, crisp upshift or downshift.

THE XTS DOES NOT.

Any luxury sedan can hold its own on a long stretch of interstate. However, when the pavement twists, writhes and dips, the XTS quickly separates itself from everything else on the road. With its advanced suspension and precisely tuned steering, it delivers a perfectly connected and sophisticated ride. Torque-vectoring All-Wheel Drive is available and features advanced software that manages torque front-to-rear, while the rear electronic Limited-Slip Differential (eLSD) controls torque side-to-side along the rear axle, putting power where you need it most for a surefooted grip on the pavement. The XTS also features revolutionary dual-mode Magnetic Ride Control that reacts in the blink of an eye to changing demands, while its advanced HiPer Strut technology helps the tires remain keyed to the surface. Combined with rear auto load-leveling suspension and speed-sensitive steering, the XTS handling is nothing short of a revelation.

THE PLATINUM COLLECTION:

WE DON'T PLAY GAMES

WHEN IT COMES TO LUXURY.

UNLESS, OF COURSE, IT'S LEAPFROG.

ULTRAVIEW SUNROOF

Spanning both rows of seats and giving the XTS an even more spacious feel, this sunroof doesn't so much open as unveil.

LEATHER-WRAPPED INTERIOR

Leather wraps virtually every surface you touch and feel in the XTS, enhancing the experience before you even start the engine.

ADAPTIVE CRUISE CONTROL

Progressive technology in the XTS affords an assured and comfortable journey with available Adaptive Cruise Control² as well as Automatic Front and Rear Braking.

The XTS Platinum Collection takes all the innovation, design and especially the luxury of the XTS to an even higher level. Leather and exotic wood accent the instrument panel, floor console, and even the doors. Semi-aniline full-leather seats are not only exceptionally supple, but meticulously detailed with subtle hints of contrasting¹ color. But luxury is just one of the many ways the XTS Platinum goes above and beyond to deliver an exhilarating driving experience. Newly available with this Collection is the Twin Turbo V6 engine. A technological masterpiece, this engine delivers 410 HP—a phenomenal figure that ensures that whatever situation you find yourself in, vast reserves of power and acceleration are available whenever you need them.

EXCLUSIVE GRILLE

The strong lines and refined mesh combine to make a statement that is found only on the Platinum Collection.

THE PREMIUM COLLECTION:

PREDICTIONS SEEM FRIVOLOUS WHEN YOU'VE ALREADY SEEN THE FUTURE.

HEAD-UP DISPLAY

Using head-up display technology similar to that found in fighter jets helps keep your eyes on the road by projecting customizable key driving and entertainment information in full color at eye level.

BRILLIANCE THAT LOOKS AHEAD

IntelliBeam enhances the visionary technology of HID headlamps with Adaptive Forward Lighting. This technology turns the high beams on automatically and switches to low beams temporarily when oncoming headlamps or taillamps are detected.

It's as close as you can get to a personalized fit. Tri-zone climate control means every inch of the car is perfectly heated or cooled. The reconfigurable gauge cluster allows you to toggle between four distinct gauge cluster designs and choose which design perfectly suits your driving experience. And the richly detailed interior comes complete with a 14-speaker Bose® Studio Surround® sound system. Even the newly available 410 HP Twin Turbo V6 is just another example of how we've pushed refinement and performance to a whole new level.

BOSE STUDIO SURROUND SOUND SYSTEM

Your XTS doubles as an intimate concert venue with the 14-speaker Bose Studio Surround sound system that includes two Personal® surround speakers on the top of each front seat.

NAVIGATION SYSTEM

Convenience is within easy reach, thanks to the navigation system.¹ Featuring easy, intuitive voice guidance, 3-D GPS color imaging with integrated Doppler weather; and more, it's your on-the-road control center.

THE LUXURY COLLECTION:

HOW CLOSE DID WE COME TO THE ONE IN

YOUR IMAGINATION?

PREMIUM WOOD TRIM

Eye-catching wood sets the tone for the interior of the XTS with its deep, rich color. The beautiful grain appears to change with the lighting, adding an extra touch of allure.

INTEGRATED EXHAUST

The dual-exhaust outlets are integrated into the rear fascia to ensure the impeccable lines of the XTS remain unbroken.

Step inside, and you'll find premium wood accents highlighting the instrument panel, door and shifter. With a Memory Package for two drivers that recalls presets for the power driver seat, passenger seat, outside mirrors and the steering column, the XTS stands ready no matter who holds the key. Heated, ventilated front seats with cushion-length adjusters and heated outboard rear seats mean everybody in the cabin is comfortable, no matter how long the drive or what the temperature is outside. Of course, it's all complemented by dramatic ambient lighting. Even the dual-exhaust outlets are beautifully integrated into the fascia to complete the modern and refined look. Proof that luxury and advanced design can coexist in perfect harmony.

EXCEPTIONAL SEAT COMFORT

Ventilated front seats with cushion-length adjusters are a welcome rejuvenation on hot days and during extended journeys.

HEATED STEERING WHEEL

The perfect antidote to a cold winter morning.

CADILLAC SHIELD

THE STANDARD OF LUXURY OWNERSHIP

WARRANTY PROTECTION

Cadillac's 6-year or 70,000-mile¹ Powertrain Warranty offers more years and miles standard than BMW and Mercedes-Benz. In addition, our 4-year or 50,000-mile¹ Bumper-to-Bumper Warranty covers repairs on your entire vehicle, including parts and labor, to correct problems in materials or workmanship.

PREMIUM CARE MAINTENANCE

Standard on all 2011 and newer vehicles, Cadillac's Premium Care Maintenance program covers routine oil changes, tire rotations, certain air filter replacements and a thorough multipoint vehicle inspection for 4 years or 50,000 miles? Merecedes-Benz and Lexus programs do not.

The standard one-year Directions and Connections® Plan allows you to push one button to connect with a live Advisor to find the things and places you want. Get directions or a

things and places you want. Get directions or a diagnostics check while you drive. Make calls safely with both hands on the wheel and control your vehicle with the RemoteLink³ mobile app. And as always, get help immediately in a crash or an emergency. These are just a few examples of the level of personal service we think you

SECURITY BY ONSTAR

If you've reported your Cadillac stolen, OnStaracan use GPS technology to help authorities quickly locate and recover it. An OnStar Advisor can further assist authorities by sending a remote Stolen Vehicle Slowdown® signal to your vehicle to slow it down. Advisors can also enable a Remote Ignition Block, making it impossible to restart a stolen vehicle once it has been turned off

DIAGNOSTICS BY ONSTAR

We set out to create the ultimate customer experience that exceeds every luxury vehicle brand.

From innovations like Remote Vehicle Diagnostics and advanced mobile apps to our Premium

Care Maintenance program, Cadillac Shield gives luxury owners everything they need.

The result is Cadillac Shield, and it backs every vehicle we sell. Cadillac Shield is the most comprehensive suite of owner benefits offered by any luxury automotive brand in the world.

With best-in-class diagnostics from OnStar,⁴
maintaining your Cadillac can be as simple
as checking your e-mail or your OnStar
RemoteLink™³ mobile app. Every month, you can
receive an e-mail with the status of key operating
systems or push your OnStar button for a realtime diagnostics check on demand.

NAVIGATION BY ONSTAR

deserve as a Cadillac owner.

Just push the OnStar^a button and an Advisor can download voice-guided turn-by-turn directions to your Cadillac, and a voice will call out every turn or send them to your navigation system, if equipped. You can also plan routes using MapQuest.com[®] and send them to your Cadillac.

CONNECTIONS BY ONSTAR

Available Hands-Free Calling capability from OnStar^a allows you to make and receive calls safely from your Cadillac. With the OnStar RemoteLink³ mobile app, you can access realtime information and control your Cadillac from anywhere you have cell phone service. Now you can even find a destination with RemoteLink³ and send directions right to your vehicle.

EMERGENCY BY ONSTAR

In most crashes, built-in sensors can automatically alert an OnStar* Advisor who is immediately connected in to your Cadillac to see if you need help sent to your exact location. Other OnStar* emergency services include Injury Severity Predictor and First Assist, which ensure you quickly get the help you need when seconds matter most. All Cadillac models come with 1 year of OnStar service standard.

YCADILLAC APP

The ingenuity of the XTS doesn't stop with the vehicle. As a Cadillac owner, an advanced complimentary app is available for your new car. From virtually anywhere at anytime, a few taps of your finger on your iPhone or Android smartphone let you access features like parking reminders, Roadside Assistance, and more. Plus, in conjunction with the OnStar RemoteLink app, you'll have the ability⁵ to remotely start your vehicle (when factory equipped) from any place you have cell service, and lock and unlock your doors. In addition, you can access key diagnostic information, including fuel tank level and range, and remaining oil life.

1. Whichever comes first. See dealer for limited warranty details. 2. Whichever comes first. See dealer for select scheduled maintenance details. 3. Available on iPhone, *Android* and select BlackBerry* devices. Services vary by phone, vehicle and conditions. Requires an active OnStar subscription. 4. Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. 5. Requires active OnStar subscription.

1. 304 HP on AWD models. 2. Before making a lane change, always check the SBZA display, check the side and inside rearview mirrors, look over your shoulder for vehicles and hazards, and start the turn signal. 3. Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle. 4. Standard on 3.6. Twin Turbo Premium Collection. 5. Always use safety belts and the correct child restraint for your child's age and size, even in vehicles with air bags. Even in vehicles equipped with Passenger Sensing System, children are safer when properly secured in the rear seat, in an appropriate infant, thild or booster seat. Never place a rear-facing infant restraint in the front seat is any evicle equipped with an active frontal air bag. See the vehicle Owner's Manual and child safety seat instructions for more safety information. 6. Included with power rear window sunshade and manual rear side-door window sunshade. Also included with press eat entertainment system 7. Requires a subscription, sold separately by Sirius XM after the trial good. Sirius XM after the trial period. Si

ABOUT THIS CATALOG

make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are Your vehicle may differ due to variations in manufacture and equipment. Since some information dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times. Note: Some photographs in this catalog show vehicles with optional equipment.

ONSTAR OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-40NSTAR (466-7827) or visit onstar.com for OnStar's Terms and Conditions, Privacy Policy and details and system limitations.

ENGINES Cadillac products are equipped with engines produced by GM Powertrain or suppliers We have tried to make this catalog comprehensive and factual. We reserve the right, however, to to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

> TIRE SEALANT AND COMPRESSOR KIT Unless you option into a spare tire, there is no jack or spare tire in this vehicle. If you do not option into the spare tire, your seal up to a 1/4-inch puncture in the tread area of the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than 1/4 inch, or a tire that has unseated from the wheel. The sealant can only be used on one tire one time before its expiration date.

> ASSEMBLY Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

UPDATED SERVICE INFORMATION Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from Helm Incorporated by calling 1-800-551-4123 or by visiting www.helminc.com.

NEW-VEHICLE LIMITED WARRANTY World-class coverage comes standard Cadillac dealer for terms and conditions.

COVERED FOR 6 YEARS/70,000 MILES (WHICHEVER COMES FIRST) Powertrain Limited Warranty with no deductible, Roadside Assistance Program, Courtesy Transportation Program.¹

COVERED FOR 4 YEARS/50,000 MILES (WHICHEVER COMES FIRST) Bumper-to-Bumper coverage; Tires – Defects in material and workmanship; Repairs made to correct any vehicle defect; Corrosion on body sheet metal panels.

RUST THROUGH PROTECTION Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through (in the form of an actual hole in the sheet metal) is covered for six years unlimited mileage.
