CLIMATE CONTROL

You can breathe easy. The XG350 comes standard witha fully automatic climate control system and rear seat ventilation, further enhanced by special air filters.

HEATED SEATS

For added comfort in chilly weather, heated driver's and front passenger's seats with adjustable lumbar support are among the XG350L's many impressive standard features.

SEAT MEMORY

Allow us to save your seat. A standard memory system for the XG350L's 8-way poweradjustable driver's seat always remembers two preferred seat and exterior mirror positions.

YOU'LL BE SITTING PRETTY IN A LEATHER-TRIMMED INTERIOR

- THE 8-DISC CD CHANGER PUTS YOUR FAVORITE MUSIC AT YOUR FINGERTIPS
- XG350L'S LEATHER AND WOODGRAIN STEERING WHEEL GIVES YOU A COMFORTABLE GRIP ON LUXURY
- THE ROOMY INTERIOR OFFERS SPACE TO STRETCH OUT AND ENJOY THE RIDE

2005 XG / COMFORT

V6 ENGINE

The driving force of the XG350 comes from its 3.5-liter, 24- value, DOHC V6 engine, which generates 194 horsepower and 216 lb.-ft. of torque for a thoroughly enjoyable ride.

SHIFTRONIC®

The XG350 models proudly boast SHIFTRONIC, a feature that offers clutchless manual sport shifting for enthusiasts who enjoy added control of their driving experience.

TRANSMISSION

The standard electronically controlled 5-speed automatic transmission provides smooth, sequential shifting, which contributes to the XG350's refined performance.

TCS

TRACTION CONTROL SYSTEM

For more controlled acceleration and cornering on wet or slippery roads, the XG350's Traction Control System,¹ not found on most of its competitors, lets you drive with greater confidence.

¹ The Traction Control System (TCS) in meant to enhance conscientious driving habits, and is not a substitute for proper driving procedures.

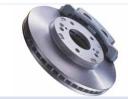

CHECK YOUR WORRIES AT THE DOOR. The XG350 has earned the government's highest safety rating,
 NHTSA's 5-stars* for the driver and front passenger in a frontal collision. You have the protection of four airbags,¹
 3-point front and rear seatbelts, rear LATCH child-seat attachment system, and a range of other high-tech standard safety features, all secured by the steel-reinforced unibody structure.

* Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA) New Car Assessment Program.
1 The Supplemental Restraint (airbag) System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts, which should be worn at all times. Children under the age of 13 should be restrained securely in the rear seat. NEVER place a rear-facing child seat in the front seat of a vehicle that has a passenger-side airbag.

FOUR AIRBAGS

Dual front and front side-impact airbags come standard on every Hyundai model. The sideimpact airbags are seat-mounted so that they move along with your seat.

ANTI-LOCK BRAKES

The Anti-lock Braking System works together with Electronic Brake Force Distribution to optimize braking pressure and help maintain steering control during sudden stops.

SEATBELT PRETENSIONERS

Front seatbelt pretensioners tighten the belts during a frontal impact. This reduces forward movement while positioning the occupants for optimal effectiveness of the airbags.

SIDE-IMPACT DOOR BEAMS Reinforced steel side-impact door beams, front and rear crumple zones and the energyabsorbing steering column help lessen an impact's effect on the cabin. POETRY IN PARK. And in motion. The XG350's graceful, elegant lines are further refined by thoughtful details such as sleek halogen projector headlights, chrome door handles and body-color bumpers, side mirrors and bodyside moldings with chrome inserts. What truly makes the XG350 a thing of beauty is its ability to not only look great at a standstill, but to create a truly magnificent blur.

- THE SLEEK WINDOW DESIGN CREATES A SEAMLESS APPEARANCE
- A HANDSOME FRONT GRILLE ADDS TO ITS STATELY PRESENCE
- FULLY AUTOMATIC HALOGEN HEADLIGHTS AND PROJECTION FOG LIGHTS ENHANCE ITS STYLE
- 16-INCH, 12-SPOKE ALUMINUM-ALLOY WHEELS COME STANDARD ON THE XG350L
